Haliburton Midgets off to all-Ontario

Haliburton's OMHA Midgets defeated Wellington 8-5 Sunday afternoon before a hometown crowd of 350 fans to wrap up the semi final series three games to one and gain a berth in the all Ontario 'DD' final. The Midgets will travel to Langton, 40 miles south east of Woodstock, this week-end to begin the best of seven final.

It is the first time since the 1974-75 season that a Haliburton Midget team has made it to the provincial final, and players are hoping they can match the earlier team's performance and bring home the championship.

Sunday's win was a convincing one, but the local Midgets had to call on all of their skills to defeat the Wellington squad.

"We carried the play and we had more scoring opportunities, but the Wellington goalie was a big factor, especially when they beat us down there 7-3" coach Derell Stamp said Monday.

Even though the team lost the first game, "I was confident that we could win in the series" Stamp said. The team knew that penalties would be a big factor in the outcome, however.

"All year, if we've been able to stay out of the penalty box, we've dominated the games, but if not, the games have been close" Stamp noted.

"I think what it boils down to is discipline" he said, adding that the team "has a lot of character" and has demonstrated an ability to come back after falling behind.

Although Stamp said he knows nothing about the Langton team, he will go into the series confident that his team is ready.

"I think we're getting a 100 per cent effort from everybody. We miss Scott Mitchell on defense" (he's out with a broken ankle suffered in a tournament in Minden), but "the other fellows

Minor hockey staging 4th annual fun night

If you're looking for a chance to escape the late winter doldrums and help out minor hockey at the same time, you won't want to miss the Fun Night and dance slated for Friday at the Dysart arena.

The fourth annual event will get underway at 7 p.m. with skating for the whole family until 8 p.m. Then youngsters and parents will have a chance to test their skills in a series of speed and novelty races. There'll be speed races for Tykes, Novices, Atoms, PeeWees, Bantams and Midget boys, for girls 6, 7 and 8; 9, 10 and 11; and 12 and over.

Also planned are a series of obstacle races for youngsters in the various age and playing categories, and partners races, in which one contestant will skate backwards while his or her partner skates forward.

For the Midgets, there will also be a ball and shovel race with female partners, and a similar race will be held for adults.

Once the races have been completed, family skating will resume and continue through to 10 p.m.

A dance has also been planned to round out the evening. It gets underway in the arena auditorium at 9 p.m. with music supplied by a disc jockey. Admission is \$5 per couple, and door prizes will be given away.

All proceeds from the evening will go to support minor hockey in Haliburton.

Hot maple syrup poured on snow results in sticky but good tasting maple taffy, and it was gobbled up as fast as it could be heated and poured last Saturday at

the Leslie Frost Natural Resources Centre near Dorset. The taffy was part of a day long demonstration held annually at the centre.

Lutterworth, MNR hold talks

Hazard land issue may be resolved before OMB hearing

Lutterworth Township and the Ministry of Natural Resources may avoid a confrontation at an Ontario Municipal Board (OMB) hearing if a compromise on the zoning of hazard land can be reached.

At a private meeting last Thursday evening, the township's planner, John McDermott of Totten, Sims, Hubicki, and legal advisor Jim Cruikshanks represented council in talks with MNR staff members. The meeting, an attempt to resolve the differences concerning the township's proposed comprehensive zoning by-law, was called by the Ministry of Municipal Affairs and Housing (MMAH), which partially funded the project.

Reeve Ron Gambell was hesitant to release exact details of council's proposition to the MNR but he said Brian O'Donoghue, from MNR's Huntsville regional office, would research the hazard land issue further and return to council with more details in the near future. Stating that the meeting was "very favourable", Gambell said a compromise would probably be made before the hearing is held to hear objections to the new by-law.

Zoning of hazard land became an issue when MNR and MMAH objected that

lands along the Gull River were not properly zoned in the first draft of the by-law as being susceptible to flooding. After meetings with the government agencies, Lutterworth opted not to include a hazard land designation in its final draft of the zoning document. Under an MNR policy, lands should be zoned hazardous if conditions similar to the 100 year rain storm or the "Timmins" flood exist. An engineering study suggested by the MNR be-

fore the by-law was complete, would test the Gull River's flooding potential if 7.6 inches of rain fell on the area in 12 hours.

On advice from its lawyer and planner, council decided not to include the hazard land zoning because it seemed detrimental to the taxpayers' interests, Gambell said. Admittedly he said, the MNR is concerned with the ratepayers' personal protection but council could not accept the package as it

was first presented.

"It's our township and our plan and we have to work with it," Gambell said.

After the meeting the ministries and the council understood the problem of hazard land more thoroughly and it seemed likely an agreement could be made, Gambell added.

A date for the OMB to hear objections to the comprehensive zoning by-law has not been set.

Blaze leaves family homeless

A family was left homeless after their house was destroyed by fire, Monday morning.

The single wide mobile home, near Horseshoe Lake, owned by Bill and Marilyn Skelding, was completely destroyed while the basement sustained little damage according to Don Booth, Minden deputy fire chief.

The family's purebred cocker spaniel died in the blaze.

The cause of the fire is unknown, but Booth completely ruled out the possibility of a woodstove related blaze. A wood stove was located in the basement of the building and no fire

damage was caused near the installation, Booth said. The fire apparently started approximately four feet up a wall near the electric stove. However, the damage did

not reveal an obvious cause, he said. The wall facing the stove did not seem to have as much damage as the opposite side of the partition, the

Painting exhibition to open

An exhibition of contemporary Canadian painting will open jointly next week at the Minden Library and Cultural Centre and the Raily End Station Gallery in Haliburton.

The show, selected from the Canadian Industries Ltd. art collection, includes 46 paintings by famous Canadian artists, including Alex

Colville, Christopher Pratt, Ken Danby, Jacques Hurtbise, William Kurelek, Jack Shadbolt, and a score of others.

It is the first time a collection of paintings has been jointly exhibited at the two galleries, and if successful, the show may be the precursor of other joint exhibits

Local ARC Industries seeks new location

Haliburton's ARC Industries may move to a new location in Haliburton village and expand its operation in the near future.

John Miller, president of the Haliburton and District Association for the Mentally Retarded, said this week that three possible locations have been looked at, including the former Curry Motors Ltd. body shop behind the Haliburton Post Office. Miller said officials from the Ministry of Community and Social Services will examine the potential locations and assist the association in deciding whether or not to move.

"For some years" the association has considered moving to a location that would allow ARC to expand, Miller said, but added pressure came this year when Sir Sandford Fleming College sought a substantial increase in rent for ARC's share of the Lakeview Centre.

Miller stressed that "there is no intention or thought that what's happening is unfair on the part of Sir Sandford Fleming College". He said Sir Sandford has been good to the association over the years, and that "we'll regret any inconvenience" moving ARC may cause the college. But a recent study carried out at the association's request by officials from the social services ministry and the pro-

vincial association for the retarded, indicated that ARC may be able to expand and serve more clients in a new location, Miller said.

If ARC does move, "there is a good possibility of doing subcontracting work for other ARC Industries" which work closely with manufacturing concerns in urban centres, Miller said. The expansion would enable local ARC Industries clients to gain new skills, and would also generate more money to help the association keep the facility operating, Miller noted.

The move is "by no means finalized" Miller said, but he added that "we've decided to do it, if it can be made possible".

A final decision could be made later this week, after ministry officials examine the proposed sites.

MNR conducts

ice hut survey

A total of 266 ice huts were scattered over 108 lakes in Haliburton County this winter, according to an aerial survey conducted by Ministry of Natural Resources personnel.

Biologist Wayne Wilson said the survey was carried out "mainly to get an idea of the distribution of huts" on

Please turn to Page 2

MMAH to study status

Ontario's Ministry of Municipal Affairs and Housing has agreed to study the impact of full county status for Haliburton County.

In a letter to county council, housing minister Claude Bennett offered the ministry's services "to undertake a study of the implications of full county status" at no cost to the county.

Bennett was responding to a February resolution in which council asked the ministry to outline the possible effects of dropping the word 'Provisional' from the county's title. The request was made despite repeated assurances from council's budget committee that status change would have no negative consequences.

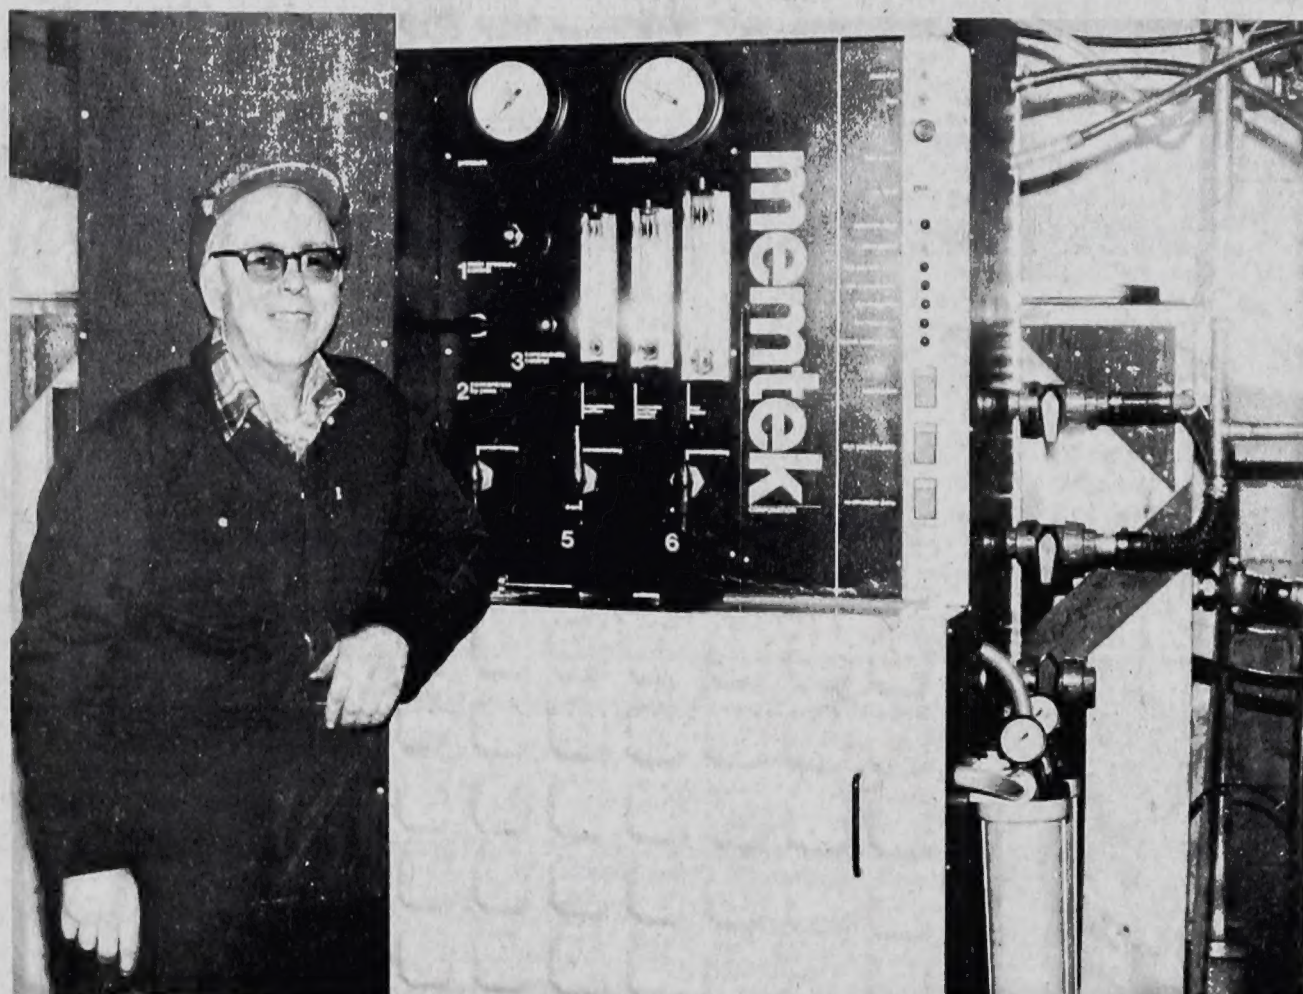

Bennett noted that a number of issues surrounding the proposed status change need study, including the judicial and other components of the Haliburton Act (under which Victoria County provides courts and a jail for Halibur-

ton County); financial consequences, the status of the Bicroft Improvement District, and the future of unorganized townships within Haliburton County.

The minister also indicated that his staff would work closely with Ministry of Education officials to determine the possible impact of a status change on education and transportation grant formulae.

A brief term of reference for the study will be sent to council "as soon as it is prepared" Bennett said. Two officials from the ministry's local government organization branch will coordinate the study with council's budget committee.

In concluding his letter, the minister attempted to allay concerns of some county councillors by emphasizing that "the Government of Ontario will not propose legislation to implement any recommendations without full discussion with county council."

Wally Crofts with Memtek machine

Syrup made the modern way:

New technology helps Wally Crofts cut down on costs

by SUE COOPER
Staff Reporter

Wally Crofts has processed 400 gallons of maple sap through his new reverse osmosis machine and he seems to be pleased with the results.

With the help of a 30 per cent government grant, Crofts purchased the \$23,395 machine this year for use at his Iron Kettle Maple Syrup Farm, near Ingoldsby. Although the maple syrup season has been slow to begin this season, (possibly because of the depth of the snow, but no one ever knows why sap runs), Crofts is now learning how the machine operates.

The Memtek Corporation machine looks slightly out of place in the syrup processing area of Crofts' farm. Although many improvements have been made since 1961 when the Crofts began a full-fledged maple syrup production, highly mechanized machinery had not infiltrated the local syrup businesses until now.

With between 8,000 and 9,000 taps, Crofts thought he could make a substantial saving in fuel bills if he bought the reverse osmosis machine. During the usual six week season, Crofts'

evaporator heating system consumes approximately 5,500 gallons of oil. With the new process he hopes to cut that bill by two-thirds.

The Memtek machine works on the reverse osmosis principle by filtering maple sap under pressure through a series of four semi-permeable membranes. As the liquid passes through the membrane, the concentrated solution that cannot escape through the small pores is drawn off. When the concentrate reaches a level of seven to eight per cent sugar, it is siphoned off into the oil fired evaporator system. The Memtek has an inflow capacity of 350 gallons of sap per hour at 55 degrees Fahrenheit, but if Crofts preheats the sap to 78 degrees Fahrenheit he can process about 460 gallons per hour.

With about 60 per cent of the water removed, the sap flows into the evaporator at a continuous rate of 12 litres per minute. The output of half-processed syrup can be increased or decreased but Crofts is watching it closely because he's already experienced small problems with his evaporator system.

The evaporator was designed to take sap that was three per cent sugar content and was divided into sections according to that figure, Crofts said.

Briefly ...

Fight injures four people

Four people were injured, one of them seriously, and a police officer was kicked in the face early Sunday morning when a fight broke out at a dance at the Monmouth Community Centre.

Police say the fight apparently began when bartenders refused to serve drinks after the legal closing hour.

Two cruisers were dispatched to the scene at about 1:30 a.m., and a Haliburton ambulance was also needed to transport an injured man.

Donald Meharrie, of Harcourt, suffered a broken hip and wrist, and was taken to Peterborough Civic Hospital.

Gordon Fudge of Toronto received a knee injury. Two other persons also received minor injuries and P/C Jim Martin was reportedly kicked in the face during the altercation and subsequent arrests.

Police have charged two Highland Grove residents, Keith Hogan, 21, and Keith Hogan, 20, with assault causing bodily harm.

Snowmobiles collide, three hurt

Three people were injured, one seriously, when two snowmobiles collided on Halls Lake last Tuesday morning.

Police say the two vehicles were approaching from an angle and neither driver apparently saw the other before the crash.

Mary Stiver, 48, of Stanhope Township, driver of one of the vehicles, suffered minor injuries. Norman Urquhart, 51, of Bramalea, driver of the second machine, suffered a severely broken leg and was transferred by ambulance to Peel Memorial Hospital. His passenger, Lynn Urquhart, 10, suffered minor injuries.

Damage to Stiver's machine was estimated at \$1000 while damage to Urquhart's machine was estimated at \$1500.

Youths arrested, convicted

A Minden OPP officer's chance encounter with three youths last October has led to the trio being convicted of breakins at two cottages on Fletcher Lake.

Police say the breakins in which \$1,182 worth of household goods, fishing equipment and groceries were stolen, were reported November 15.

Police discovered a 1972 car abandoned nearby, and hoped it would provide clues to the culprits' identity. But a trace of the licence plates revealed they had been stolen in Streetsville, while the car's serial number led police to discover that it had been sold, unlicensed, by a scrap dealer to an unknown youth.

On October 25, however, a Minden OPP officer had checked three youths on the Fletcher Lake Road in the general vicinity of the breakins and had recorded their names and addresses. No crime had been reported at the time, and the youths were not detained. When the breakins were reported however, the information was passed on to the investigating officer.

Working in conjunction with Peel Regional Police, in the area where the youths resided, local OPP had the youths arrested and recovered most of the stolen property.

The three were convicted of the breakins recently, and two persons were also charged with possession of stolen property.

Midgets in finals

from page 1

have played very well in filling on for him", Stamp said.

To earn a place in the championship, the local Midgets played 16 regular games, winning all but two, and 14 playoff games, also winning all but two.

With the first two games set for this week-end in Langton, local fans will have to wait until next week-end to see the Midgets in action for games three and four of the series.

For an account of Sunday's series ending game against Wellington, see page six.

Saturday, April 3

ABSOLUTELY UNRESERVED 16th ANNUAL STOCK REDUCTION SALE OF NEW AND USED FARM EQUIPMENT

The Property of W.J. LAMBERT & SONS LIMITED
(Massey Ferguson Dealer)
on the Beaverton By-Pass at Beaverton, 13 miles North
of Sunderland or 23 miles South of Orillia.

15 farm tractors, 6 ploughs, 5 disc harrows, 3 corn
planters, 3 seedrills, 2 round balers, square balers,
combine, forage harvester and blower, manure
spreaders, riding lawn mower and many other items.
See sale posters for complete listings.

REABORO, ONTARIO

705-324-9959

It was too cold for the sap to run, but the sweet smell of syrup still pervaded the air last Saturday at the Leslie Frost Natural Resources Centre near Dorset.

Hundreds of visitors took advantage of an opportunity to see syrup in the making in a wood fired evaporator system.

Loss of assessor worries A,H,M council

With 200 to 300 building permits not added to the tax roll yet, Anson, Hindon and Minden council feels municipal taxpayers will suffer if the local assessor is temporarily transferred to Toronto.

In a letter to council, Dick Schell, chief building inspector, said John Hill, the local assessor, was being transferred to Toronto to help complete a backlog of tax enrolments. According to Lindsay regional assessment officer, Ivor James, appointments to the Toronto area are expected to last until June or July with some assessors rotated off the project earlier.

Because paper work, office time and other duties have been increased, Schell said "it is almost impossible for the assessor to spend the time in the municipal townships required to keep on top of the permits and enrolments". He estimated up to 300 building permits were outstanding and their enrolment would "increase (the) tax income and help keep the mill rate from having to be increased as much".

"I feel our taxpayers will suffer terribly by the tax rolls not being brought up to date as soon as possible", Schell wrote.

James said in a telephone interview Monday, that the township would not be left without an assessor while Hill was transferred to Toronto. The remaining regional assessment office staff will attempt to keep municipalities' tax rolls up to date.

"They're (Anson, Hindon and Minden) not just being

deserted," James said.

He was surprised to learn a backlog of building permits existed in Anson, Hindon and Minden. "I don't see any reason why they'd be falling behind. My question is what has the assessor been doing," he said.

James admitted the shortage of assessors will slow the assessment process further but stated the regional office had no choice but to supply the needed manpower to Toronto.

James said the regional office had chosen assessors from municipalities that could best weather the absence. Two or three other municipalities in Haliburton County may also be affected by the transfers.

As a footnote to his letter, Schell suggested a sub-assessment office could be located in Minden if travel time created a problem for assessors.

Council backed Schell's concerns with a resolution and sent copies to the Minister of Revenue, MPP John Eakins and other townships in the county.

County considers road renumbering

Haliburton County's road committee is considering the renumbering of several highways in the county, and has asked local councils for comment.

Six possibilities are included in a letter from County Engineer Bill Obee to the

Please turn to Page 3

County council meets

At the March meeting of Haliburton County council, the following matters were considered:

Correspondence was read by the Clerk as requested by the Correspondence Committee.

Accounts were approved in the amount of \$98,353.52.

Committee reports were presented.

The annual County Road Report was delivered by County Engineer Wm. E. Obee.

County Council supported the Children's Services Division grant to the Haliburton County Advisory Board for Children's Services for the employment of a coordinator for Children's Services in the County.

The 1982 Budget proposal with supporting data was circulated to members of council, and Budget Chairman Jim Harrison explained

Fish huts survey

from page 1

area lakes this year, the first that fish huts had to be registered. Wilson said the survey also enabled fish and wildlife staff to "get an idea of fishing pressure on various lakes".

While detailed results of the survey were not available Wilson noted that there was less pressure on Gull Lake this year, with fewer than 50 huts in place, than in past years when as many as 100 huts have been observed. He speculated that bad weather conditions in January may account for the drop in the number of huts.

Halls Lake, on the other hand, had 25 huts this year, up from 15 earlier winters, a change which could reflect improving fishing quality in the lake, Wilson said.

The survey will be conducted in future years as funding is available, and will complement detailed creel census studies which are also undertaken according to funding.

All huts must be removed from lakes by Wednesday, March 31, and MNR staff will use the hut survey information to check on hut removal.

details of the 1981 operation, the concerns of the Budget Committee and the 1982 Budget. Chairman Harrison commented on the restraint in all categories, cut in individual grants and emphasis on attempts to boost the economy throughout the County.

By-law 1164, a by-law for the purpose of confirming apportionment of county liability for municipalities within the Provisional County of Haliburton for the year 1982 and authorizing the levying

Please turn to Page 3

Home burns

from page 1

deputy-chief added.

Booth said the family had \$20,000 insurance and estimated the damage to be near that figure.

The fire call was received at 10:30 a.m. and 12 men responded to the first call. Booth said no difficulty was experienced with the fire department's telephone service although the person reporting the fire had to travel to a neighbourhood store to place the call. Local telephones were apparently out of service as a result of the fire.

Booth said more problems with the fire telephones have been noted recently and in one case they were tested at 7 a.m. and were out of service by 9 a.m. All incidents are being reported to Bell Canada.

Painting show

from page 1

in the future.

The Minden portion of the show will officially open next Tuesday evening, April 6, and will be on display until May 1. The Ralls' End Gallery portion will officially open Wednesday night, April 7, with a wine and cheese party. It will also continue through May 1.

Several styles and media are included in the collection with the most traditional to the most innovative of artists included. All of the artists whose work is represented are well-known and highly respected.

Two Ontario Programs You Should Know About

Tax Credits — for people under 65

Each year the Ontario Government returns tax dollars to residents through the Ontario Tax Credit program. This program is especially designed to provide tax assistance to Ontario residents between the ages of 16 and 64 inclusive with low or moderate incomes.

This year there is a new credit to claim along with the Property Tax Credit, Sales Tax Credit and Political Contribution Tax Credit. Remember, to claim these credits you must complete the mauve Ontario Tax Credit form and mail it together with your federal income tax return.

- **The Temporary Home Heating Credit** helps Ontario residents by off-setting increased home heating costs. This \$60 credit is reduced by one percent of your taxable income.
- **The Property Tax Credit** reduces the burden of municipal and school taxes. It is based on your property tax or rent and taxable income.
- **The Sales Tax Credit** returns a portion of money paid in provincial retail sales tax. It is based on personal exemptions and taxable income.
- **The Political Contribution Tax Credit** may be claimed by Ontario residents who contributed to a registered Ontario political party, constituency association or candidate in an Ontario provincial election. This claim applies if your provincial tax payable is more than your Property and Sales Tax Credits.

Tax Grants — for people over 65

Ontario Tax Grants for Seniors were designed especially to help Ontario residents 65 and over and replace the Ontario Tax Credits program for persons in this age group.

This year a Temporary Home Heating Grant of \$60 has been added to the Tax Grants program.

If you received a 1981 Property Tax Grant and continue to be eligible, you will receive your 1982 interim grant plus your 1981 Temporary Home Heating Grant in the late spring.

Nursing home residents or residents of institutions that do not pay property taxes are ineligible for both the Property Tax Grant and Temporary Home Heating Grant. They are, however, eligible for the Sales Tax Grant.

For more information call the Ministry's multilingual information Centre.

Producer happy with new machine

from page 1

As the sap boils and begins to turn to syrup, it flows through small openings in the partition until it reaches the front of the pan and can be drained and finished in another pan. Because his evaporator system has been made slightly antiquated by the arrival of Memtek, the sap is becoming syrup before it travels to the front of the pan.

Last week, as he was learning to operate the new system, Crofts burned one of his huge evaporator pans before he completely understood how the syrup was forming. But practice makes perfect and he's now installed a new thermometer further back in the pan to gauge the temperature of the syrup.

"I'm afraid that if I make it any richer, it'll burn," Crofts said. He noted that he could increase the concentrate percentage of the sap flowing into the evaporator but that would only make it turn to syrup faster and possibly burn even sooner.

As an added safety measure, Crofts now plans to change the evaporator pans every second day to ensure that they're not being burned.

The evaporator system uses 40 American gallons of oil an hour to keep the sap boiling so Crofts expects to realize the direct benefits of the machine as the season progresses.

Although many people swear there can be no better syrup than that produced from an iron kettle, Crofts says the Memtek process doesn't remove the natural maple flavour. "It may come out a little lighter because you don't boil it as long," he adds.

Crofts speculated that the Memtek could

produce a concentrate without the need of boiling, the syrup would lose its golden colour and have less of a maple flavour that the evaporator produces.

Another small problem Crofts has encountered is two small leaks in the membranes which are made of cellulose acetate material. When he was attempting to back-flush the machine (a process that must be done at the end of every day and takes about a half an hour), he pressed the circulating pump switch at the appropriate time and the excess pressure seemed to damage the membranes. "It's a minor leak, I can live with that," he admits. However, representatives have not left him without service. He has nothing but praise for the servicemen who seem to be on duty 24 hours a day.

The small maintenance problems don't seem to bother Crofts, but the noise does. "The biggest problem is it's too noisy". With supply, high pressure and circulation pumps operating, Crofts says he can barely hear to speak on the telephone which is about 10 feet away from Memtek. He is not terribly concerned and has spoken to the company about modifications that could make the Memtek less noisy.

In uncertain economic times, Crofts says he knows the Memtek was a large expense, but with the cost of fuel likely to continue rising, it was a chance he was willing to take. As anyone who has ever attempted to make maple syrup knows, gathering the annual sap flow is one of the chances of all agricultural businesses. But Crofts is hopeful.

"I hope it works; it's a lot of money."

County council sets budget

from page 2

of certain estimated requirements by the Provisional County of Haliburton for the year 1982, was passed.

Registering Nay votes as to apportionment percentage only were: M. Fearney, H. Bannock, and R. Vick.

By-law 1165, a by-law for the purpose of confirming allowances for members of County Council, was passed.

By-law 1166, a by-law for the purpose of regulating benefits for full time non-union employees of the Provisional County of Haliburton, was passed.

By-law 1167, a by-law for the purpose of adjusting the salary of the County Clerk-Treasurer and Secretary-Treasurer of the Land Division Committee of the Provisional County of Haliburton, was passed.

By-law 1168, a by-law for the purpose of adjusting the remuneration to the County Engineer and Road Superintendent of the Provisional County of Haliburton, was also passed.

By-law 1169, a by-law to appoint a member to the Land Division Committee of the Provisional County of Haliburton; By-law 1170, a by-law to establish weight limits on County Roads; By-law 1171, a by-law to consent

to the passing of a by-law by the Corporation of the Township of Cardiff to close, stop up, and convey portions of the original shoreline road allowance in Lot 20, Concession 5 and Lot 21, Concession 7 in the Township of Cardiff; and By-law 1172, a by-law to consent to the passing of a by-law by the Corporation of the Township of Cardiff to close, stop up and convey a part of the original shoreline allowance in Lot 32, Concession 6, Township of Cardiff, were also passed.

The re-appointment of Dr. Jeffrey Lodenquai for Hyland Crest Senior Citizens' Home

Minden council raises its pay

Anson, Hindon and Minden council set its remuneration for 1982 at its regular meeting, last Wednesday evening.

The reeve will now receive \$4,330 per year, up from \$4,250 last year. The deputy-reeve received the highest increase, up \$220 to \$3,720. Councillors will get an annual pay of \$3,200, an increase of \$200 over last year's income.

for the year commencing March 1, 1982 was approved.

County council requested that the Apportionment Guarantee Grant not be reduced in 1982 until the Assessments have been corrected, allowing the municipality

involvement a reasonable period to adjust.

Reeve M. Fearney gave notice of motion for the next meeting of County Council to deal with representation on County Council under Section 27 of the Municipal Act.

Renumbering proposed

from page 2

reeves of area municipalities.

The proposals include:

- Continuing Highway 118 from the village of Haliburton on existing Highway 121 through to Highway 28;
- Renumbering Highway 121 from Minden to Haliburton to stop the confusion created with the other intersections of Highway 121 to Kinnmount and Highway 35;
- Changing Secondary Highway 503 from Tory Hill to Kinnmount to a Kings Highway;
- Transferring Highway 648 south to 121 to the county along with the Dyno road, or to Cardiff and the Improvement District of Bicroft, and;
- The assumption by the county of Highway 507 south of Highway 503 following the reconstruction of the highway through the county of Peterborough.

County Roads Committee chairman Keith Tallman said

Tuesday that along with the proposed changes, county council will also consider the future of Highway 519 south of Haliburton, which recently became County Road 1 over the objections of Snowdon township representatives.

The Snowdon politicians want the road put back in the provincial system, and that possibility is expected to be considered in discussions with transportation ministry officials later this year.

Correction

In last week's edition of the Echo, St. Peter's Anglican Church in Maple Lake was erroneously referred to as St. Peter's United Church.

The Echo regrets the error.

Spring Courses 1982

HALIBURTON COUNTY

The following courses are open to anyone in the community with an interest in the subject.

These programs will help develop skills in a wide range of subjects to allow you to pursue, with greater enjoyment, various hobbies and recreational pastimes. You will find that our courses add a new dimension to your lifestyle as well as contributing to your personal enrichment.

ACCOMMODATION NEEDED

Accommodation is needed for students who will be attending the Haliburton School of Fine Arts July 5 - August 6. Students attend on a one week basis and will be looking for room and board within a reasonable distance of the High School or housekeeping cottages. Please give us a call at 457-1680. If you have accommodation for rent during this period.

NEW COURSE IDEAS FROM THE COMMUNITY

Many of the interesting courses offered by the College are the results of suggestions from various members of the community. If you have an idea for a course which is not currently reflected in our offerings we would like to hear from you. Please call 457-1680.

ADVANCED CAKE DECORATING

INSTRUCTOR: Hester Carson
LOCATION: Lakeview Centre
DATES: May 5 and 6, 9 a.m. - 4 p.m.
FEE: \$25.00

Students in this course should already have a basic knowledge of cake decorating. In these two days, students will work with cold fondant, Australian style decorating, candy clay for hand modelling flowers, Lambeth style decorating and run sugar for making decorations. Students must supply their own equipment for this workshop.

CAKE DECORATING - INTRODUCTORY

INSTRUCTOR: Hester Carson
LOCATION: Lakeview Centre
DATE: May 8, 9 a.m. - 4 p.m.
FEE: \$15.00

Students in this course will learn preparation of baking pans, cake set-up and covering, design and detail of icing. Students will decorate a basic cake and will learn items such as the production of rose blossoms, and a variety of other flowers, borders, crystal sugar molding and use of basic tubes and a flower nail. Basic materials will be available for purchase from the instructor at an approximate cost of \$10.

CAKE DECORATING

INSTRUCTOR: Fio Oram
DATES: May 13, 20, 27, 7:30 - 9:30 p.m.
LOCATION: Wilberforce, Public Library
FEE: \$12.00

These three nights will introduce students to the basics in cake decorating. Students will learn writing, making drop and twist flowers and decorating with stars. A list of the materials needed will be sent to each student when you register. REGISTRATION IS LIMITED TO TEN STUDENTS.

HOW TO REGISTER

TELEPHONE 457-1680 WEEKDAYS FROM 9:00 A.M. TO 5:00 P.M.

You may also drop in at the Lakeview Centre to register or obtain further information during the day. FEES ARE PAYABLE AT TIME OF REGISTRATION. Telephone registrations must be confirmed by payment of fees within five days from the date of registration which ensures a place in class. Please make your cheque payable to Sir Sandford Fleming College and mail to: Sir Sandford Fleming College Box 339 Haliburton, Ontario K0M 1S0

YOGA

INSTRUCTOR: Charlotte Rosino
DATES: Thursdays, April 22 - May 27, 7:30 - 9 p.m.
LOCATION: Haliburton Senior Elementary School, Haliburton.
FEES: \$25.00
Students in this class will practice Hatha Yoga which consists of bodily postures, breathing control, relaxation, and concentration exercises which create a supple and relaxed body. This class is designed for people of any age. CHARLOTTE ROSINO has taught Yoga for several years including two in Haliburton. Charlotte received her teacher's certificate at the famous Sivananda Yoga Ashram in Val Morin, Quebec.

INTRODUCTION TO CORONARY CARE

This 36 hour course is designed to assist the registered nurse to improve his/her knowledge of current concepts in coronary care and to develop a beginning skill in interpretation of cardiac arrhythmias. It is assumed that participants probably have not had any previous clinical experience in a coronary care unit. This course will include such topics as: Anatomy and Physiology; Coronary Heart Disease; Acute Myocardial Infarction; Interpretation of 20 types of arrhythmias; and the main drugs used in the treatment of coronary heart disease.

COURSE LEADER: Linda Jones, R.N.
Linda has an extensive background in I.C.U. She is presently employed in the intensive care unit at St. Joseph's General Hospital in Peterborough.
LOCATION: Haliburton School of Fine Arts
TIME AND DATE: Thursdays, beginning April 22, 1982, 1 p.m. - 4 p.m. (12 sessions)
FEE: \$75.00
TEXT: Meltzer's Intensive Coronary Care: A manual for Nurses. Will be available at the Campus. Class limited to 24 participants.

REGISTER EARLY

It is advisable to register as early as possible. Waiting until the last minute limits your choice of subjects and may cause you unnecessary disappointment. To be assured of a place in the class of your choice... REGISTER NOW.

REFUNDS:

Full refunds will be granted when courses are cancelled by the College. Full refunds will be granted if, withdrawal is effective prior to the start of the course. A partial refund may be granted under exceptional circumstances after the course has started.

QUILTING - Kitchen Accessories

INSTRUCTOR: Kathleen Copeland
DATES: April 14, 1982, 10 - 4 p.m.
LOCATION: Minden, Anglican Church
FEES: \$15.00

Students in this course will learn to sew ovenmitts, placemats, chair cushions, and other kitchen accessories for the home. Students in this course should bring the following supplies to the class: sewing machine, extension cord (if available), shirring foot, narrow hemmer, zipper foot, (bring these feet if available), at least 1/3 yard each of calico and print fabric, threads to match fabric chosen, polyfill (needlepoint fleece), fibrefill batting with bonding, and tracing paper.

SMOCKING

INSTRUCTOR: Kathleen Copeland
DATES: April 28, 1982, 10 - 4 p.m.
LOCATION: Minden, Anglican Church
FEES: \$15.00

This course is a follow up to the beginner's workshop held in February, if you are a beginner and are interested in attending, please call our office before registering. Students will learn a combination of stitches, colour, garment construction, and designing your own graph. A sample and kit will be provided, the price will vary according to the project you choose. Each student will choose their project in advance of the class, and will receive this information at the time of registration. Please register in advance of the course in order that your choice will be available.

FLY TYING AND LEADER MAKING

INSTRUCTOR: John Russell
LOCATION: Lakeview Centre
DATE: April 21 and 28, 7-10 p.m.
FEE: \$12.00 (includes materials)

Learn how to make leaders and tie flies without a vice, for the following species, Brown, Speckled and Rainbow Trout and Salmon using inexpensive materials.

BEGINNER GUITAR

INSTRUCTOR: John Stainton
LOCATION: Lakeview Centre
DATES: Tuesdays, April 19 - June 18, 7:30-9:30 p.m.
FEE: \$35.00

This course will teach students of any age, basic chords so they may accompany with a guitar. Also taught will be how to tune, string and transpose keys. Each student must bring their own guitar.

PAINTING I

This course will provide the student an opportunity to a good grounding in the fundamentals of painting. Many subjects will be explored such as still life, landscape, life studies and perspective. Colour and composition will be covered in interesting assignments leading to finished paintings. Assignments will be two finished canvasses approximately 12" x 18" and will be evaluated on the quality of technique of the students' work.

THE COLLEGE NEEDS INSTRUCTORS

If you have special skills in general interest, recreation, hobbies and leisure activities, your specialty may reflect an interest of other adults in the community and could be presented as a course. You may also have professional or vocational skills which could be utilized in College courses and seminars for the business and professional community. If interested, call Barb Bolin at 457-1680.

COUNSELLING

Continuing Education students are eligible for our career counselling services. Often individuals are considering a return to school on either a full-time or part-time basis, changing their career. Appointments can be made by calling Sir Sandford Fleming College at 457-1680.

TENNIS

INSTRUCTOR: Frank Wallace
DATES: May 1-22
LOCATION: Haliburton Tennis Courts
TIMES: 10-12 noon
FEES: \$25.00

This course will provide basic instruction for the beginner. Students must provide their own racket and balls.

PARENT AND CHILD SWIM I & II

INSTRUCTOR: Elizabeth Cowen
DATES: Tuesdays, April 13 - June 15
Session I - 9-10 a.m.
Session II - 10 - 11 a.m.
LOCATION: PineStone Inn and Country Club
FEE: \$25.00

During this ten week course, parents and pre-schoolers aged 1-5 years will get a head start on this year's swimming season. Children with the assistance of one of their parents will learn the basics of swimming. Class size is limited to ten sets of swimmers (parent and child). Each child must be accompanied by an adult. All swimmers must bring their own towels and bathing suits.

SWIMMING INSTRUCTOR'S RECERTIFICATION

This course is for anyone holding an instructor's certificate who has not recertified for the past 2-5 years.
INSTRUCTOR: Diane Tozer
LOCATION: Wig-A-Mog Inn
DATE: May 17, 10 - 4 p.m.
FEE: \$22 plus \$8. Red Cross Admin. and Kit fee
*Please make two separate cheques.

POTTERY

This course is available to students at any level.
INSTRUCTOR: Barb Peel
LOCATION: Lakeview Centre
DATE: April 13 - June 8, 7 - 10 p.m.
FEE: \$45.00

BASIC HORSEMANSHIP

INSTRUCTOR: Mary Jane Irwin
LOCATION: Rockwood Farm - Scotch Line Road
DATE: May 15 - June 12, 9:00 - 11:00 a.m.
FEES: \$45.00

This course is open to students of all ages. Students will receive as well as an introduction to English riding and the basic care of horses and equipment. Each student must supply footwear with a heel.

STRETCH AND SEW FOR CHILDREN

INSTRUCTOR: Shirley Rydman
LOCATION: Haliburton High School
DATE: May 4 - June 8, 7:30 - 10 p.m.
FEE: \$25.00

Students in this class will learn to sew T shirts, boys and girls underwear and polo pyjamas. This is a simple method of sewing which produces inexpensive, durable children's clothing.

COMMENT

EDITORIALS

A fair share

Ever since the Ministry of Natural Resources announced the curtailment of trail grooming funds for snowmobile clubs, organizations and individuals with a vested interest in snowmobiling have been scrambling to come up with the money to keep trails in good condition this year and in the future. User fees have always been an option, and few people have disagreed that those who enjoy the trails should pay for the privilege. But there has also been lingering resentment about the fact that the provincial government charges license fees for the machines but does nothing tangible with those fees. Now, Lutterworth council has come up with a suggestion that seems to make sense, and that may get widespread support.

In a resolution that will be circulated to other municipal councils, Lutterworth is proposing that half the license fee should be returned directly to snowmobile clubs which groom trails. It is a suggestion that makes sense.

Snowmobiles have been a boon to the winter tourism business, and even those who resent the machines' noise and the irresponsibility of some of those who ride them, will admit that snowmobile trails have done much to minimize conflicts brought on by differing attitudes to winter recreation and the environment. If the trails were to fall into disrepair, more snowmobiles would travel local roads and range up and down local lakes, detracting from people's right to peace and quiet and increasing the danger of collisions between cars and snowmobiles.

The trails are important, and their continued use depends on adequate grooming. Since a user pay scheme is difficult to enforce, and voluntary contributions have not met the need, Lutterworth's proposal could go a long way toward righting an obvious injustice.

It remains to be seen if the government will listen.

Good luck

When Haliburton's OMHA Midget hockey team faces off against their counterparts from Langton this week-end in the first game of a best of seven all Ontario final, they can do so with the assurance that win or lose, they have earned the respect of hockey fans throughout the community. The Midgets have been nothing short of excellent this year, dominating league play and losing only two of 14 games in four playoff series leading to the provincial final. And if at times they have had a tendency to turn their desire to win into the kind of aggressiveness that leads to unnecessary penalties, they have also demonstrated solid hockey skills when goals were needed.

Hockey isn't the most important thing in life of course, as even the most avid fan must admit, but it is a great character builder, and when it is played well, it is excellent entertainment. The upcoming series will give every player on the Haliburton Midgets a chance to test himself to the limit, and it should also give local fans plenty to cheer about.

If the Midgets win, the community will share the team's happiness. If they lose, the players will have the satisfaction of knowing that they did their best, and fans will have been treated to some exciting action. So good luck to the Midgets. They've been a bright spot in a long and bleak winter. And with the support of local fans, they have a very good chance of bringing home a provincial championship.

Reader disappointed with coverage

Letters to the Editor

To the Editor:

As a sports fan, I was very disappointed on the account of the Glen Dart Memorial Hockey Tournament held in Haliburton on March 13, and published on March 17, 1982. The particular game I am referring to was the final game between Haliburton and Bobcaygeon. I feel that the Bobcaygeon Cougars played a spectacular game, which was not mentioned, also the goalie for Bobcaygeon, Robbie Booth, played an outstanding game, with a shut out. The top player for Haliburton was mentioned and the top player for Bobcaygeon, Tony McGann also received a reward, which was not mentioned.

I feel each team deserves praise, whether they win or lose, and these young boys also, I am sure, would like to see their name in the Sports section of your paper.

Yours truly,
Mrs. Linda McGann
Burnt River, Ont.

To the Editor:

We, the Directors of the Haliburton County Snowmobile Association, would like to thank all those who have donated to the club for the 1981-82 season.

With the decrease in the grants, the directors felt that this season was going to be one of the shortest. As the community became aware of this, many of you flocked to our support. Many of you

volunteered time while others donated dollars and materials. You came to our rescue and we were able to provide those trails that lure the tourists to our County. We couldn't have done it without you, the people of the community and your willing ways.

Thanks again to all of you who have donated in any way, whether big or small. It was all appreciated.

The Executive of the H.C.S.A.

To the Editor:

Recent developments in Canada are causing widespread apprehension about the future of the most basic and valuable element of our political system, the Constitutional Monarchy. The attempt to remove the Queen's picture from postage stamps, the confusion about recent statements by the Governor General and the whole process of Constitutional patriation have raised fresh fears about how long Canada will continue to remain loyal to the Crown.

Whatever its other contents, Canadians may be happy that the new Constitution entrenches the Monarchy, making it impossible for the Queen to be removed as Head of State without the consent of all ten provinces. Equally, the insertion into the Act of a reference to the supremacy of God reinforces the Queen's title "Defender of the Faith" and her authority "by the Grace of God".

It is now imperative for Canadians to educate afresh themselves, their families, neighbors and friends in the workings of the Monarchy. It must be preserved not merely on the basis of sentiment, but by an informed citizenry who, for instance, will understand the dangers of allowing the Governor General's high office to overshadow the Sovereign's and develop thereby an effective

Cultural growth good for community

Editor's Notebook

by LEN PIZZEY

It may have gone unnoticed by many Haliburton County residents, but cultural opportunities in the area have been growing steadily in recent years. The Guild of Fine Arts, the School of Fine Arts, the Rails' End Gallery, Highlands' Little Theatre, the Guild concert series - each has added a new dimension to the cultural life of the community. Now, the area is about to take another step forward with the joint opening in Haliburton and Minden of an exhibition of the works of Canada's most important and best known artists. The presence of such a show would

have been unthinkable as few as four years ago, when there were no facilities to display it. Now, Minden has its own art gallery to compliment Haliburton's Rails' End Gallery, and the two communities can share art of a quality that could not otherwise be seen in the area.

As with every cultural endeavour, the joint show of paintings in the CIL collection which opens next Tuesday in Minden and Wednesday in Haliburton, will not stir the interest of the majority of local citizens. But those who do appreciate art and understand the contribution it makes to the quality of life, should make a point of supporting the show by paying a visit to either or both galleries.

If the show is a success, local citizens can look forward to other joint ventures between the two galleries. And that can only be a good thing for the community as a whole.

Feir Play

Creighton Feir

It's coming up to that time of the year once again when hockey fans become hockey nuts and when rabid fans turn into hockey fanatics. Yes it will soon be Stanley Cup time once again. It's that time of year when 16 teams out of the 21 who play all winter in the regular schedule of the National Hockey League start to battle it out for two months to declare a winner of the Stanley Cup. This is also the time of year when all hockey fans make sure that their television is in A-1 working condition. Hockey fans know that this is the time of year when the chips are down, the stakes are high and when every player will be going all out and giving his all in every minute of every game because the players in most cases know that there is just no tomorrow. This year's play-offs should be extra exciting when you consider the fact that our own Ron Stackhouse will be out there with the Pittsburgh Penguins and Bernie Nicholls will be making his first Stanley Cup play-off appearance with the Los Angeles Kings. I'll be cheering for both Pittsburgh and Los Angeles and I'll go out on a limb and call the New York Islanders to repeat for their third consecutive Stanley Cup. I just know that my good friend Cub Coneybeare in Minden won't agree as he will tell you that his favourites, the Montreal Canadiens, will be back to take the cup back to the Forum.

The new Dixie Lee on Maple Street in Haliburton across from the Post Office opened its doors for business on Saturday, March 20 and they will be advertising their Grand Opening at a later date. Open from 11 a.m. to 11 p.m. every night with the exception of Friday and Saturday evenings when they will be open until 1 a.m., this new operation with its spanking new building and equipment is expected to do a big business. In addressing a group of well wishers the night before the new business opened, a director of the Dixie Lee company stated that the new eating establishment would fill a much needed requirement in the community as they will be open every night of the week. This alone will be a big plus in the fact that, believe it or not, you will be able to get something to eat in Haliburton after 7 p.m. in the evening.

The Kinsmen Club of Haliburton have announced that they have donated a cheque in the amount of \$50 to the girls' floor hockey team to help with their expenses for their trip to Battle Creek, Michigan. The Kinsmen Club are also donating two trophies to minor hockey to be used for whatever tournaments they select to use them in.

Music lovers will be in for a real treat this coming Sunday, April 4 when everyone is being invited to the Haliburton United Church for an evening of sacred music with Homer James. He has been associated with the Billy Graham Association since 1955 and is tenor soloist with the Leighton Ford team. He was grand finals winner on the CBC-TV "Talent Caravan", in the early 1960's in which he competed against 5,000 other artists from across Canada. His ministry of inspirational music has taken him to Europe, the West Indies and Australia, as well as throughout the United States and Canada. A native of Ottawa, Homer James and his wife, Iva (herself an accomplished pianist), make their home in the suburbs of Canada's capital with their children, David and Ruthanne. He is the uncle of Rev. John James, the present minister at the Haliburton United Church. It's this coming Sunday evening starting at 7 p.m.

The many friends of George Hardy will be sorry to learn that he suffered a heart attack while vacationing in Florida. His many friends here wish him a speedy recovery.

Maurice McKee who is the Bell Canada Company manager of the installation and repair departments for Haliburton County was the guest speaker at a recent meeting of the Rotary Club of Haliburton. Maurice, who is a member of the local Rotary Club, was giving his classification talk. His talk was not only interesting but very educational as he spoke on the progress being made by the company and what we can expect from our telephones in the near future. Among the many different statistics was the fact that this area has over 12,000 telephones in use at the present time.

The Haliburton Minor Hockey Association are holding their 4th annual fun night and dance this coming Friday evening, April 2 at the arena in Haliburton. You are invited to bring along your skates for public skating from 7 to 8 p.m. then leave your skates on and participate or watch the next 1½ hours of races for children and adults. Then it's family skating once again from 9:15 to 10 p.m. All this fun and entertainment for the low, low price of \$1 per person up to a maximum of \$3 per family. A dance will be in progress in the arena auditorium from 9 p.m. to 1 a.m.

The Haliburton Figure Skating Club will be presenting their annual ice show "Big Bird On Ice" at the Haliburton arena this coming Saturday evening, April 3 at 7:30 p.m. Plan now to attend.

The Minden, Fenelon Falls and Haliburton Rotary Clubs will be holding a Tri-County Dinner meeting at Wig-A-Mog Inn on Thursday, April 1.

The 4 C's is now open Monday to Saturday at Haliburton from 10:00 a.m. to 5:00 p.m. and the Master Bookstore has opened Wednesday to Saturday from 11:00 a.m. to 4:30 p.m.

VIEWPOINT

Pic of the Past

Our thanks go out this week to Mr. Harvey Fearrey of Haliburton for submitting this interesting photo which was taken in 1928 showing Jimmy Main standing on a load of wood with his team of black horses and Bruce Wallace on the

right with his team of white horses. The two men with their two teams were drawing wood to the Standard Chemical plant in Donald and stopped in front of the Standard Chemical boarding house on the main street when this picture was taken.

Energy bill split, will be scrutinized

Report from Parliament

by Bill Scott, MP

The government's energy security bill, the bill that prompted the Conservative party to shut down Parliament for two weeks, is now being split into eight separate bills by agreement between the government and official opposition in the House of Commons.

This will ensure that most of the proposals in

the bills will go to committee where they can be carefully scrutinized, and where the opposition can call expert witnesses to assess the effects that these measures will have on the country.

Among the government proposals is one that would allow the government to impose new taxes on gasoline totalling 98 cents per gallon, with corresponding taxes on home heating oil.

In the last federal election campaign the Liberal party pledged that it would not increase gasoline taxes by as much as the Conservatives proposed in our 1979 budget. We had planned to increase gasoline prices by 18 cents per gallon, while the Liberals said they would not impose increases of more than 14 cents.

Please turn to Page 16

Closing driveway is a big decision

Serendipity

by SUE COOPER

A rutted and unsightly driveway exists in downtown Minden. At first glance it looks like an unassuming driveway; most passers-by would not guess at its importance to the community. With sections of an old foundation still visible, unkempt weeds and decrepit back buildings on view, it would appear natural to close this driveway and improve the area.

Never a more wrongful deed could be done (it would seem). This driveway is the heart throb of Minden. If it were closed, the traffic forced to use the intersection of Peck Street and Bobcaygeon Road would surely increase the dangers of town life at least a 100 fold. And think of the inconvenience. Bank employees would have to walk more than 100 feet if their parking area, along the driveway, disappeared. Locals who use the driveway to cut off half a block of travelling time would be forced to travel hundreds of yards more if the driveway were closed to through traffic.

But wait, there's even more. The driveway has more evils than its blatant ugliness; it's entrance onto the street is hidden by buildings, and often

parked cars. Pedestrians are at every vehicle's mercy.

A terribly contentious issue if ever there was one. And, worse yet, to have it thrown in council's lap in an election year. (Tsk, tsk, tsk.)

The care with which council discusses this matter makes it seem as if every telephone will ring relentlessly if the wrong decision is made. It's a wonder delegations haven't shown up at the door with either "let's save the driveway" or "let's kill the driveway" petitions. A show of power always seems to sway at least one doubtful voter.

Risky as it might have been, council made a decision on the driveway dilemma at its last regular meeting. Here's how they stood. Councillor Ed Pergolas was adamant about closing the hideous laneway, stating that Peck Street was not nearly as dangerous as the driveway and sidewalk crossing.

Secondar Larry Cummins echoed Pergolas' remarks saying that the Peck Street intersection was hardly comparable to turning onto highway 401.

Councillor Lyle McKnight was unsure where to make his stand. Twice during the discussions he threatened that he would not vote for the motion. (Pergolas, who moved the motion, said he didn't care). Once, McKnight suggested the matter be sent back to the BIA and that was turned down. Next, he suggested it be stated on the motion that the BIA had requested the driveway be closed.

Those old election bells are ringing. Deputy reeve Doug Pritchard voted for the closure but during the discussion expressed his view that Peck Street was indeed a dangerous intersection.

And reeve Lloyd Walker, who does not have a vote unless there is a tie, was against the closure proposal. He claimed there hadn't been an accident there as long as he could remember so he saw no reason to close the driveway.

The motion that the driveway be closed at "a convenient time" was passed. It's not known when "a convenient time" will arise but the reeve suggested "that should be about '92".

I wonder if 1992 could be an election year as well?

New grant system creates inequities

Queen's Park Report

by John Eakins, MPP

In the 1980 provincial budget, a new system of property and sales tax grants for senior citizens was introduced, replacing the tax credit program, under which credits were previously claimed through federal income tax returns. The Ontario Government believed it was not receiving adequate recognition for these programs, and under the new system it mails directly to eligible seniors a Sales Tax Grant of \$50, and a Property Tax Grant of up to \$500. Beginning in 1981, the Property Tax Grant is mailed in two instalments.

Property Tax Grant: For a homeowner, this is equal to the amount of your property tax up to \$500. For a tenant, this is equal to 20 per cent of rental payments up to \$500.

Sales Tax Grant: This is \$50 to every senior. The new grant system bears no relationship at all to income level. In fact, it results in a dramatic shift of money available for seniors to those at the higher end of the income scale. So dramatic is this shift, that some of the neediest pensioners actually receive less under the new grant system than they did under the old tax credit system.

This new grant scheme has eliminated the pensioner tax credit of \$110. In addition, under the old system, tax credits were reduced by 2 per cent of taxable income. That ensured that the greatest benefit went to the neediest pensioners. This is no longer the case. Under the new grant system, the more property tax or rent paid the greater the tax grant received, up to \$500 - regardless of income level.

Residents of homes for the aged, or similar institutions that are exempt from paying property tax, are not eligible for the property tax grant.

The 1980 increase in GAINS payments offsets the loss of \$110 pensioner tax credit for some pensioners. Seniors who are GAINS recipients are therefore no further ahead under the new grant system. What they receive in one hand, the government takes away in the other. The real losers are those seniors whose incomes are just slightly above the GAINS level and who pay little or no rent or property tax. They will receive less under the new grant scheme, in some cases a drop of more than \$100.

By the Minister of Revenue's own admission, 95,000 claimants will receive less in grants than they would have under the old credit system.

While some pensioners are receiving less money under the new grant scheme, the government spent an extra \$3 million in the first year to administer the program. Some 4,418 cheques were sent out in error, resulting in overpayments of \$1 million. Efforts are being made to recover the money from some of the neediest pensioners. Moreover, the advertising budget for the program ran over its \$650,000 maximum level in its first year to a total of \$934,700 by December 1980.

The programme is an administrative nightmare. At the end of 1981, an inventory of 10,000 applications had piled up. So many applicants are trying to call the Ministry to enquire about their grants, that it has become impossible for

members of the public to get through. Members' constituency offices, as a result, have been flooded with requests, to find out what happened to a senior citizen's application form.

At the Public Accounts Committee, January 20, 1982, the Deputy Minister of Revenue admitted: "We knew our telephone network would be inadequate." Apparently, the system was adequate to handle existing programs such as GAINS and Ontario Tax Credit, but in the first year of the new Senior's Tax Grant program, the number of telephone calls doubled from 151,000 (in 1979) to 301,000 (in 1980). Further problems are indicated by the fact that in 1981 the number of calls increased even further by 320,000.

The program was proceeded with in spite of the fact that the Ministry of Revenue was clearly not capable of administering it efficiently. According to the Deputy Minister, at the same Public Accounts Committee meeting, "There were certain technological limits to our ability to expand this capacity. We recognized this thing would be imperfect at that initial stage".

Unfortunately, the situation is not improving. According to one Conservation M.P.P., "I have had four times more problems this year (1981) than I had at the beginning. And the line is always busy."

M.P.P.'s, whose constituency offices were given a special number to call at the Ministry of Revenue, are now forced to send in their enquiries on a new form by courier service, at their own expense.

SPORTS

Kelly Mitchell surrounded in Wellington crease

Local Tykes edged out in final

Teams from Port Hope and Orono emerged on top in a one day Tyke hockey tournament in Minden last Saturday.

Port Hope edged out Haliburton 2-1 to take the consolation trophy donated by Pritchards Electric, while Orono defeated Bracebridge 4-0 to win the championship and trophy donated by Austin's Esso.

Haliburton received the consolation runner up trophy donated by Shirley and Carl Hie. Bracebridge was presented with the championship runner up trophy donated by Kay and Eldon Bull.

The opening game of the tournament pitted Minden against Bracebridge and it proved to be an exciting one, as the teams were tied 0-0 at the end of regulation time. The overtime period was a five minute sudden death contest with both nets empty. Neither team could find the mark as the clock wound down, but finally, with only seconds remaining, Bracebridge slipped one into the Minden net to take a 1-0 win.

Haliburton took on Huntsville in the second game of the day and it too proved to be a hard fought match that needed overtime to decide a winner.

Greg Stamp put Haliburton in the lead at 3:51 of the first period, but at 1:24 of the third, Huntsville tied the score. In the overtime period, Huntsville managed to find the mark and skated to a 2-1 win.

In the third game of the opening round, Orono dominated Woodville 12-0.

Game four was cancelled when Fenelon Falls did not make the trip, giving Port Hope a bye into the semi final.

Haliburton met Minden in the consolation semi final. Neither team scored in the first two periods, but at the 1:03 mark of the third, Reed Elstone scored from Jason Parish to put Haliburton in front, and the lead held, as

Todd Hargraves recorded the shutout.

In the other consolation semi final match, Port Hope blasted Woodville 13-0.

On the championship side, Bracebridge edged out Port Hope 4-3 and Orono took Huntsville 5-2.

The consolation final proved a tough one for both teams, and two overtime periods were needed to decide a winner.

Port Hope scored in the first period and hung on to

the lead until the third, when Greg Sutherland took a pass from Reed Elstone and tied the match for Haliburton.

A five minute sudden death overtime period produced no scoring, and barely a minute remained in a second, five minute period when Port Hope netted what proved to be the winning goal.

In the championship match, Orono had an easy time of it, handing Bracebridge a 4-0 defeat.

Midgets go All Ontario

350 fans packed arena to see local victory

With 350 fans roaring their support, the Haliburton OMHA Midgets outplayed Wellington through three periods Sunday to wrap up their best of five provincial semi final series, three games to one. The victory was a sweet one for the Midgets who had to fight back after losing the first game of the series 7-3 in Wellington.

Sunday's game was never in doubt, although Wellington did surge back from a three goal deficit to move within a single goal in the first period and again in the third.

The local Midgets wasted no time in showing that they wanted the win, as Kelly Mitchell took a pass from Kevin Warburton and Bernie Upton and drove it past the Wellington net minder less than a minute after the opening faceoff.

Haliburton kept the pressure on, and at the 2:21 mark, Kevin Warburton made it 2-0 with help from Mitchell.

Wellington was unable to get going in the opening minutes and their goaltender, who had been strong in other games, appeared flustered by Haliburton's hard shooting and aggressive passing.

With less than five minutes elapsed, Scott Rae sped in on a breakout and picked the corner to give Haliburton a comfortable 3-0 lead.

But Wellington got on track a mere 14 seconds later, spoiling the shutout hopes of goaltender Dave Storey.

End to end action characterized play throughout the period, with Haliburton earning the most scoring opportunities while Wellington had trouble penetrating the Haliburton defense.

With 6:28 left to play in the period, however, Wellington capitalized on a Haliburton miscue and moved to within

one of the lead. But Mike MacNaull's goal a minute and a half later re-established a cushion for Haliburton. He was assisted on the play by Kevin Warburton and Kelly Mitchell.

The pace remained quick in the second period, but Wellington began to look sharper in the early going, narrowing the gap to one goal at the 2:47 mark.

Haliburton's attack was relentless, however, and quick, accurate passing helped neutralize any threats within their own zone and lead to continued pressure around the Wellington net

that paid off with two goals, as Kelly Mitchell completed a hat trick with help from Upton and Warburton on the second goal and Upton on the third.

In the third period, Wellington's net minder regained his composure and began to rob Haliburton on a number of excellent scoring chances.

Inspired by the net minder's efforts, the visiting team netted two more goals to move within one of a tie.

But with 3:03 left on the clock and playing short-handed, Kevin Warburton took a pass from Kelly Mit-

chell and skated around the Wellington defense to beat the netminder on a picture perfect goal that brought the roof down, as fans sensed that the victory was almost at hand.

Finally, with a minute and 14 seconds remaining, Jeff Bain netted Haliburton's eighth goal to put the game out of reach and assure the local Midgets place in the all Ontario 'DD' final against Langton.

That series gets underway this week-end in Langton. The teams will return to Haliburton for games three and four next week-end.

Haliburton Midget juggles by Wellington

Controlled hunt announced

Controlled moose hunts will take place again this year in the Opatik Lake Management Unit (Wildlife Management Unit 23) and Horwood Lake Management Unit (Wildlife Management Unit 31) to relieve hunting pressure on the herds in that part of the province's northern region, Ontario's Minister of Natural Resources Alan Pope announced recently.

The areas involved are the same as last fall: South of Highway 11 between Kapuskasing and Hearst and east of the Chapleau River between Chapleau and Elsas.

The controlled hunts will be during the regular moose season, which will be October 18 to November 15 in Unit 23 and October 18 to October 31 in Unit 31.

Hunters whose applications must be received by

the Ministry of Natural Resources Wildlife Branch in Toronto by April 30, 1982, with proof of previous hunting experience, will be eligible for a computer draw. The draw's purpose is to limit the number of hunters in both units. Application forms may be obtained from any ministry district office after March 17, 1982.

The Unit 23 controlled hunt will be limited to 1,200

resident hunters and Unit 31 to 1,100 residents.

Last year's procedure will again be followed, with selected applicants receiving a special stamp to affix to their regular moose licence.

In addition, a limited number of special stamps will be allocated to resident and non-resident hunters who are clients of tourist outfitters operating in these areas.

HUNTING MOOSE IN WMU 23 OR 31 THIS FALL?

You'll need a special stamp

Again this year the numbers of moose hunters in two Wildlife Management Units will be limited. The hunters in WMU 23 near Hearst and Kapuskasing, and WMU 31 near Chapleau will be selected by computer.

If you wish to participate, please contact a Ministry of Natural Resources' District Office nearest you for an application.

Applications must be received in Wildlife Branch, Toronto, by midnight, April 30, 1982. Applications received after this date will be ineligible. The selection process will begin May 1, 1982. Only residents of Ontario may apply.

If you were not chosen in the draw last year, you will get special consideration in 1982. (Refer to application booklet). The computer draw will be held in Toronto. Only successful applicants and unsuccessful group leaders will be notified by mail.

For further information, contact your local District Office.

HHSES senior girls place third in all Ontario

A junior girls and junior boys team from Haliburton Highlands Senior Elementary School participated in the regional floor hockey tournament held in Agincourt March 19-22 with the following results:

Junior girls: Haliburton 4, White Haven 2; Haliburton 0, Agincourt 10; Haliburton 0, Vradenburg 1; Haliburton 5, Pauline Johnston 1; Haliburton 1, Vradenburg 0. Junior boys: Haliburton 0, Hunters Glen 7; Haliburton 6, Vradenburg 1; Haliburton 3, Pickering 7.

Player of the game awards were given to Jody Roberts, Jodie McKnight, Marsha Burke, Shannon Curry, Kendra Sisson, Mike McKay,

Brian Turner, and Jason Smith.

Agincourt and Haliburton girls' team and Agincourt and White Haven boys' teams will travel to Battle Creek, Michigan, April 1 to participate in the International Floor Hockey Championships against teams from Lansing, Battle Creek, Freeport, Minneapolis and New Jersey.

The senior girls participated in the 1st Ontario Senior Girls Provincial Championships with the following results: Haliburton 4, White Haven 2; Haliburton 3, Vradenburg 0; Haliburton 4, Windsor 3; Haliburton 2, Agincourt 4; Haliburton 3, White Haven 4; Haliburton 4, Windsor 1.

The Haliburton girls placed third overall with

player of the game awards going to Tracey Harrison, Lisa Williams, Lisa Sisson, Lynda Pockett, Miriam Smith, and Melissa Creelman.

Lisa Williams received a shut out pin for her performance in net and Melissa Creelman received a hat trick pin for scoring three goals in a game.

An All - Ontario All Star team was picked with Lisa Williams selected as the outstanding goaltender and Lisa Sisson selected to the defence. Both girls received sweaters to honour their selection.

After the Battle Creek Tournament April 1-4 there will be a Tournament held in White Haven May 1-3 for junior girls, boys and senior girls.

The HHSES senior girls team placed third in the all Ontario championship tournament. Members of the team are, back row, left to right, Mr. Scott, Melanie Sisson, Michelle Harrison, Michelle Parish, Lisa Sisson, Tracey Harrison. Front row, Lynda Pockett, Judy Finlay, Melissa Creelman, Lisa Williams, Rhonda Walsh, Karen Cook. Absent, Miriam Smith.

Tykes win three straight shut-outs in tournament

Haliburton Tykes made their longest road trip of the year, last Wednesday, when they travelled to Lakefield to compete in a six team Tykes tournament with teams from Lakefield, Warsaw, Omeme and Peterborough.

In the first game Haliburton played Warsaw and came out on the winning end of a 6 to 0 score. Haliburton then played Omeme and beat them 7 to 0. This put the local team into the championship game against Pe-

terborough. With hard work again by all the players, Haliburton came out the champions beating Peterborough 9-0.

Todd Hargraves was the player of the day recording all three shutouts. Goal scorers were Greg Stamp, Jason Parish, Greg Sutherland, Kevin Morissette and Reed Elstone. Helping the goal scorers were Mathieu Williamson, Jeff Black, Mark Morissette and Ryan Stinson, all playing defensively.

Sting Rays lead league

Wednesday afternoon bowling league results of March 24 are as follows:

Team standings: Sting Rays, 46, total points - 109; Miss Fits, 35, total points - 95; Pelicans, 28, total points - 84; Sky Sliders, 25, total points - 85; Thunderbirds, 18, total points - 84; Sky Larks, 16, total points - 93.

Ladies softball meeting set

It may not look much like spring, but already thoughts are beginning to turn to softball. The Haliburton County ladies' softball association is holding a meeting next Thursday, April 8, to discuss the upcoming season.

The meeting will be held at Haliburton Highlands Secondary School at 8 p.m., and everyone interested in playing or helping out with the league this year is invited to attend.

The HHSES junior boys competed in the Agincourt tournament. Members of the team are, back row, left to right, Mr. Baker, Paul Bellefleur, Mike McKay, Kent Miller, Pat Fletcher, Brian Turner. Front row, Darren Byers, Brian Waller, Jeff Francis, John Vuksic, Paul Morissette, Gavin McKnight. Absent, Jason Smith.

SSFC fills county need Campus has expanded in past 15 years

by Susan Clements

We are fortunate as residents of Haliburton County to have a facility such as the Northern Campus of Sir Sandford Fleming College which responds to the needs for courses expressed by local people. The college determines these local needs by the use of a variety of advisory committees, the distribution of questionnaire to students, and the provision of flyers to the general public. Using this approach, the college decides upon a range of courses that it will provide for that year.

The Director of the Northern Campus, Barb Bolin, is in a unique position to learn first hand about the needs for courses within the community. Barb is a well-known resident of the area, and a board member of the Haliburton County Chamber of Commerce, Haliburton Highlands Guild of Fine Arts, Haliburton Hospitality Training Committee, and the Haliburton County Industrial Training Committee.

In addition to the basic objectives of the college, the Northern Campus has demonstrated its support to other community groups by making its space and equipment available to them free of charge. The Haliburton County Social Planning Council could not have survived over the past three years without the college's generous support.

The Northern Campus has also provided, at a minimal cost, accommodation to ARC Industries for the past ten years. The college provides A.R.C. with free custodial services, hydro and some furniture.

The preference of the Northern Campus is to employ local instructors for the winter courses.

This approach of responding to the local people and the welfare of the community is reflected throughout the entire history of the college.

In 1967, the Northern Campus was established in response to a request by a group of concerned citizens for extension courses and the undertaking of the administration of the Guild of Fine Arts.

Over the past 15 years, many changes in staff, pro-

grammes, teaching techniques, and budget have occurred. Initially, there was a part-time secretary, based in Haliburton, and a part-time Director, based in Peterborough. Presently, there are two full-time county based positions; namely, that of director and administrative assistant. The latter position is held by Susan Little, a native of Haliburton County, who assumes the Director's responsibilities when business calls Barb out of the

county. As time passed, a career development officer and a women's programme development officer were hired. By 1981, due to budgetary constraints, these responsibilities were assumed, on a limited basis, by the Director.

The college now offers career counselling, academic testing, workshops on development of career skills, credit adult education programmes such as bookkeep-

Senior League

by Bert Harrison

Now that St. Patrick's Day is over, we are getting back to normal again.

I am beginning this letter on a beautiful sunny morning. It makes you feel good to be alive.

Rev. Burgess took the service again Sunday night. Harold Thompson read the Scripture lesson and Mrs. Thompson played. Rev. Burgess spoke on, "As Moses lifted the serpent in the wilderness, so must the Son of Man be lifted up."

Monday morning was fun and fitness once more, as we often did before. Monday night we watched three interesting movies. We had some ladies come to see, but no man but me.

Tuesday morning Rev. Stan Rukin, pastor of Full Gospel Lighthouse, Haliburton, held the service here. Mrs. Rukin played, Rev. Rukin spoke on the Lord's Prayer. He explained what each part meant - a real nice service. We thank them for coming. It is too bad we can't get more men to come and hear these interesting services.

Teddy Carr is really busy with the help of Doris, making flower pots, carts, anything to sell, and by the looks of things they are doing awfully well.

Tuesday night Fred Ballard came to play and entertain. We always can depend

on Fred, and know he'll come again.

We welcome Mrs. Kirkpatrick to this restful place. We are sure she will like it here. We hope no trouble she will face.

Ladies were in the craft room Wednesday afternoon, knitting afghans, painting, sewing, making dolls' clothes, winding yarn, and spinning yarns. They should be caught up soon.

It is so nice to have Jerry McKelvey back with us

Please turn to Page 9

Kathleen Clarke, 12 of Wilberforce, captured the women's giant slalom race at Mount Snow in Vermont last Thursday. She won a ski week-end at the Vermont resort to compete in another tournament this week-end.

Happy Gang News

by Watson Anderson

In 1981 we had a good crop of musk melons from a plot that looked useless as a garden but supported a most marvelous crop of all kinds of weeds that we left be, except where it competed with a crop plant, in this case musk melon. The seeds were planted two or three to a peat moss cup of potting soil about May 1. These are planted in the chosen plot two feet apart one way and six apart the other. Each spot must be clear of any weed roots or debris to 8 inch deep and 10 inches diameter in the middle of which the plants are placed pot and all and

well drenched. No further cultivation or watering is done until the crop is finished. Black plastic in rolls or discarded garbage bags are laid down to efficiently cover the entire plot. A six feet extension is provided all around except that where the hole with a diameter of about two inches is left. During growth, if a weed shows, pull it out manually because some weeds seem to be able to penetrate the plastic, and a small shovel of the plot soil will seal the hole quite well, as initially it is the only way to keep the wind from

disturbing the black plastic. In regard to seed, Pat Burk, our then director, gave us the remnant of a packet of 33 seeds that she got from Stokes that yielded 67 lovely ultra sweet melons. For 1982 we plan to use three seeds to a pot that we harvested from the earliest and best of that yield.

Tuesday morning the ladies assembled to make a cake for the birthday party that is to be held after all. It

Consultant outlines games to improve baby's speech

by CATHERINE MILLER
Infant Development
Consultant

Name of the game: Hide and seek.

Purpose of the game: A simple way to use language in a game babies enjoy at this "age of curiosity".

What you need: One of your baby's favorite toys.

What to do: 1. Show your child the toy you are going to use. Tell him what you are going to do. "See the car?" "I'll hide the car". "Close your eyes". It's important to talk to your baby even though he doesn't yet know what you're saying. 2. It's easier if someone will help you with this game. Your helper can show your baby that he is to cover his eyes or close them while you hide the toy. 3. Hide the toy somewhere that your child can reach and where you know he often crawls. 4. Now tell him to "Find the car".

Variation: 1. Use other toys and other hiding places but be sure to keep this game simple and well within your child's limitations. 2. Your helper and your child may want to hide the toy for you to find. Whichever way you play the game, you have many opportunities to talk to your baby. 3. The other person playing the game can say, "Let's look for the car", and help baby hunt for the toy. 4. When the toy is found, there will be great delight and talk about it. "There it is", "You found the car", "Good for you". Baby may not understand the

object of the game at first, but he will enjoy the companionship and the talking.

Name of the game: Mirror Talk.

Purpose of the game: 1. To continue building your baby's interest in your voice. 2. To help him enjoy "talking" to you in his own way. 3. To begin giving Meaning to some of your child's babbling.

What you need: A mirror large enough to reflect the image of your face and the face of your baby. (A mirror on a dresser or cabinet, or a mirror propped against a wall will do).

What to do: 1. Your baby has discovered mirrors and probably loves to "talk" in front of them. Let's take advantage of his interest. 2. When your baby makes a sound that is close to a real word, say the word that it

sounds like. If he says, "bah", then you could say, "It's a ball".

Variation: 1. Begin translating some of your baby's "talk" into words with meaning, whenever you get the chance. If he says "Da" --say "It's your doll". If he says "Ma-Ma-Ma", say "I'm Mama". 2. Encourage his attempts to imitate what you say. Respond with pleasure and delight even though these attempts may not be like whatever you said. 3. If you show him a ball as you say "Ball" this will help your child associate some meaning with the word. But remember that he does not imitate you because he understands the word. He may go on saying this new word for a long time before he actually understands what it means. This is just a begin-

New amendments require mandatory child restraint

Proposed amendments to The Highway Traffic Act introduced in the legislature by Ontario Transportation and Communications Minister James Snow included provision for mandatory use of automobile restraint devices for children five and under.

Children in this age group or weighing less than 22.7 kilograms, are exempt under Ontario's existing seat belt law.

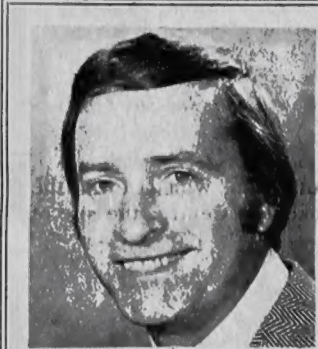

Their exclusion under the 1976 seat belt law was due primarily to a lack of ade-

quate federal standards governing child restraints for small children.

Proposed provincial regulations will have children weighing less than nine kilograms properly buckled in portable, federally-approved, rear-facing infant carriers.

Children between nine and 18 kilograms will have to be properly buckled in a federally-approved child seat while travelling by a parent or legal guardian.

from page 8

again. We hope his back won't give him too much more pain.

The snow is settling down nicely. We see some signs of spring.

Alfred Richardson has a complaint which is a very weakening thing.

Wednesday night was games night here in this place. Mrs. Curry eucured me. She had the bowers and ace.

Thursday afternoon the ladies from Lady of Fatima Church (Minden) put on the tea party, and also a lovely birthday cake for those who had birthdays this month. It was a nicely decorated cake made by Mrs. Hamilton. It surely was well done. Mrs. Toos Reid, and Mrs. Rose Barry, assisted by Doris, played and sang so nicely for us, and treated us so fine. We thank you all for coming, and giving you all time.

Mrs. Coburn, and Mrs. Baron came this Friday afternoon to play, and lead in singing of some very lovely tunes. Mrs. Coburn read two humorous stories and sang a lovely solo. We thank you both for coming. We look forward to this, you know.

Friday night the "Sweet and Sour" notes came from Lochlin to sing and entertain. They surely did just that and we hope they'll come again. First "The Sour Notes" took over, and acted as a team. They sang, danced, and clown around, they really were a scream. Then the "Sweet gals", bless their darling hearts, marched right up on the stage, and really did their parts - then both sides joined together and sang "The Old Rugged Cross", and "Amazing Grace". We say a great big Thank You for coming to this place.

On December 5, 1981, Agnes Elizabeth Quigley and Arthur Richard Dawson exchanged wedding vows at St. George's Anglican Church, Haliburton. The wedding party was comprised of Joan Quigley, maid of honour, and bridesmaids Kathy Dawson, sister of the groom, Maria Mounie, Pat Quigley and Susan Brohm, all sisters of the bride. Reverend Trevor Denny blessed the ceremony. The bride was given by her parents Mary and Wilfred Quigley of Port Hope. Proud parents of the groom are Mr. and Mrs. Cliff Dawson of Haliburton.

A most enjoyable reception and dance was held in the Royal Canadian Legion, Haliburton. The couple are now residing on Riverside Drive in Haliburton.

SSFC fulfills county needs

from page 8

ing and pottery, and non-credit general interest courses such as fitness and children's programmes. In 1981, there were approximately 1500 students, of whom some 500 were summer students, taking advantage of the college's courses.

The college operates on an annual budget of approximately \$100,000, supplied by the provincial government and students' fees. No municipal funds are involved. The college is grateful to the Haliburton County Board of Education, which owns the Lakeview Centre, the site of the campus, for allowing the college to use the centre for the price of the building's upkeep. In addition, the board charges a minimal rent to the college for the use of classroom space in Haliburton County schools.

The Northern Campus, along with the five other campuses of SSFC, is administered by a Board of Governors.

Lorne Coburn and Carole Finn are Haliburton County's current representatives on the board.

If you have any questions regarding the college and its programmes, please contact Barb Bolin at 457-1680.

Suggested games

from page 8

ning. 4. Hold up any little toy so it can be seen in the mirror. (Mention it first). Suggested: a tiny car, truck or airplane, a miniature animal, a small doll. 5. Play "Peek" in front of the mirror, cover your face by holding a sheet of paper in front of it. Wait for your child to look at you in the mirror. Then quickly lower the paper and say "Peek-a-boo!"

Happy Gang News

from page 8

begins in a cute ritual in which each is required to wash and dry the hands promptly, then the assembling of all the ingredients, then they are added in one at a time in a certain prescribed order. In the raw state they have a very distressed appearance but after a session in the oven the whole becomes beautiful. There were a lot of raisins in this one leading to a lengthy debate as to who raises the raisins, so you see it generates fun.

Bingo was played in the afternoon in the auspices of Helen Archer and Bernice Ross with Ray Smith calling. It is important that calling is done slower than the slowest player or a ruckus may occur. There were no ruckus' this time.

Christine McCrae, Flossie Burk, Hazel Parish, Noreen Stevens, Peggy Henderson, Allan Macklin, Beryl Morrow and Jim Allen supervised by Ivy Shaw, baked a big slew of apple spice muffins to be consumed at a coming whole day staff meeting. While cooking they looked delicious and gave off a very appetizing aroma. That is one we are bound to miss. In the

afternoon Ivy tried to get enthusiasm in building mug racks and believe it or not she has the qualities of a very good boss carpenter. In horticulture we have seeded marigolds, allysum, pansies, gypsophylla, and zinnias. We have another boston fern, apparently quite healthy that in another year should be as large as the big hanging one that has been here five years. We are sorry to report that the dieffenbachia hanging over the nurse's desk had to be taken down. It was getting no night darkness and like a person not getting sleep, it ceased to continue healthy. Now that it will get routine night and day it should soon begin flourishing again.

Thursday noon a Northernways bus left a group of us at the Dysart et al Com-

munity Centre at the invitation of the senior citizens of Haliburton to join with them in a pot luck dinner. We were warmly welcomed by the Vice President Norman Clift of Eagle Lake who, when the diners were seated, asked Frank Hargreaves to say Grace. As an aside it was nice to see Ontario's jack and Canada's maple leaf flags prominently displayed side by side in the auditorium, a reminder that Ontario kept faith with the first world war veterans when we used to sing on route marches "We'll never let the old flag fall". As usual extensicare were served from the buffet tables first, the Haliburton seniors following. From the buffet tables we could heap our plates as high as our appetites dictated and the

tea and coffee was superb, as much as we could take. The Happy Gang is thus grateful to Haliburton senior citizens.

As soon as we returned 'home' the birthday party was about to begin with Miriam Barnes and a group of the ARC Industries Limited members adding their presence. The cheer leaders in reckless order were Sheila Elston, Ivy Shaw and Miriam Barnes, all aces. We sang and we sang with an odd off key soloist adding spice to the melodies. All too soon the cake arrived and Norman Titus, Elsie Porter, Mable Stone and Lola McCall were a year older, and the four 'Happy Birthdays' were sung. The pianist for all this gaiety was Glenna Beckham to whom we owe our thanks.

GIS recipients must return applications immediately

Health and Welfare Canada officials in Toronto urge Guaranteed Income Supplement recipients to return applications for supplementary pensions immediately or face the possibility of having payments interrupted.

According to W. A. Wright Assistant Director General of the programs there are still

82,697 GIS applications outstanding in Ontario.

"If the applications are not returned by the March 31 deadline, payments will be discontinued from the April cheque", Wright said.

The department had initially mailed some 400,000 applications to recipients of GIS early in January.

The GIS program requires annual re-application by recipients because of the possible change in income. "Recipients whose income has dropped will receive larger payments while recipients whose income has increased will receive a reduced rate", Wright said.

GIS is an assistance program supplementary to Old Age Security. Beginning in April pensioners who qualify can receive as much as \$233.89 over and above OAS payments.

Restraint seats required

from page 8

Children in the latter category, travelling in a vehicle, belonging to someone other than the parent or guardian, will have to be properly secured in lap belt or approved child seat.

Children weighing between 18 and 23 kilograms will be required to wear lap belts in all motor vehicles. And those over 23 kilograms will fall under Ontario's existing seat belt law.

Exemptions from the use of child-restraint devices will be made for taxis, buses, public vehicles, short-term rental or out-of-province vehicles.

Drivers failing to comply, face fines between \$20 and \$100.

Additional amendments under the HTA call for stiffer penalties for drivers who fail to stop for a stationary school bus with signal lights flashing. Offenders will be liable for fines from \$100 to \$500 for a first offence and from \$250 to \$1,000 or imprisonment for up to six months, or both, for subsequent offences. Also, stopping distances behind such buses has been set at 20 metres.

The amendment also calls for the installation of cross-over mirrors and stop arms on school buses.

DISTRICT NEWS

Gooderham News

by Mary Hadley

There was a good turnout at the Wilberforce Arena last Saturday for the Monmouth Cup tournament. Wilberforce Novice team played Haliburton, winning 5-0. Jason Billings scored four goals and Cory Hunter scored one. Stars were: Jason Billings and Cory Hunter of the Wilberforce team and Jason Yakalash of Haliburton.

The Wilberforce Atoms lost to Minden 11-5. For Wilberforce two goals were scored by David Stringer, while Andy Jones and Mike Mintz each scored one. Stars were: Marsha Sweet (goalie), Murray Sweet and Scott Russell.

The Wilberforce PeeWees lost to Minden, 10-5. John Paul Dettler found the net four times and Steven Stoughton once. Stars were: Scott Russell, Minden; John Paul Dettler of the Wilberforce team and Gordon Wood from Minden.

The Bantam team played Blackstock and won, 10-3. Chad Irvine and Mike Rutter each managed a hat trick. Stars were: Ian Ross, Chad Irvine, and Earl Myers, Blackstock.

Wilberforce Midgets won against Blackstock 21-0. First star was David Storey (goalie), second star, Don Maharie, while the Blackstock goalie won the third star.

Visitors with Mr. and Mrs. Tommy Dovell last week-end included Miss Ruth Davy of Vineland; Marvin Hartin and friend of Port Perry and Mr. and Mrs. Blaine Alsop of Cameron.

Miss Grace Maxwell of St. Catharines spent last week-end with her mother, Mrs. Ruby Maxwell. Her son, Aubrey, with his wife, Hazel, of Minden also visited at that time.

Mr. and Mrs. Bob Madill

and two children of Peterborough spent last week at their cottage. Mr. and Mrs. Mossom Madill of Toronto also spent the holiday week at their cottage.

Ross and Susanne Cary with their two children of Magnetawan called in to visit their parents, Mr. and Mrs. Albert Cary, on their way to visit Ross's sister, Madeline and Bob Woods at Kingston.

We are sorry to report that Bob Young underwent emergency surgery last Wednesday at Peterborough Civic Hospital. Best wishes for a complete recovery soon, Bob!

Mr. and Mrs. Robert Madill, of Clinton, spent a few days with their parents, Mrs. Violet Billings and Mr. and

Horses and maple syrup go together, at least for those who love tradition. These Belgians, owned by Ingram Wessell of Norland, were part of the Maple

Syrup Day at the Leslie Frost Natural Resources Centre last Saturday. The team pulled a sleigh that brought visitors to the sugar shack.

Chatting with Irene

by Irene Moore

286-1674

As most of you read this, March has faded out to give room for April. By now we will know whether we had a lamb or lion on the 31st. Maybe it is the spring finally arriving which makes me feel so much better. The sense of living fills me with exultation, I want to sing, to dance; I am dithy - rambic with delight. Maple syrup time has come, the March school break is over, there is a different feeling in the air; now if we can just get that old sun to shine, so that snow will fade away, we'll all be happy won't we.

Those who have birthdays at Hyland Crest Home during the month of April are: Zilpah Hie - 6th; Roy Anderson - 16th; John Stewart - 21st.

Mr. and Mrs. Alex Chor-

nous and children of Toronto visited with Mr. and Mrs. G.M. Durant last week.

Many people will be glad to know that Bill Duncan is making maple syrup once again, and will have it for sale, so get your order in now.

Mr. and Mrs. Morgan Trumbull and Mr. and Mrs. Bernard Trumbull are home after a very enjoyable holiday in Florida.

I had a nice chat with Mrs. May Wright last week, she

and Mrs. Ted Johnston were up from Scarborough for the school break.

Remember I mentioned once in the column that we were getting a lady Chiropractor in town. Well we are still getting one, but not a lady. In a few weeks Dr. George Snow will open his

office on main street. He will be here on Wednesdays and Saturday morning. Dr. Snow practices in Bracebridge, and lives in Beaumaris, or Milford Bay; never can get those two straight.

Mr. and Mrs. Lloyd Johnston attended a wedding in Toronto last Saturday.

The Minden and District Horticultural Society will be holding their regular meeting on Tuesday, April 6 in the Municipal building at 7:30 p.m. Leroy Brown will be the guest speaker. All are welcome to attend.

Mr. and Mrs. Bud Stamp, was the big day, Toronto

Dorset News

"Our world is not measured by the distance from horizon to horizon but by the extent of our understanding."

The community was saddened to learn of the passing of Mrs. Elizabeth McEachern last week at Huntsville hospital. Mrs. McEachern was the widow of the late Allan McEachern who was born and raised in Dorset, and they made their home and raised their family here, and there are still a number of relatives in the area. The funeral service was at the Addison funeral home on Saturday. Mrs. McEachern was 91 years old. Sympathy is extended to the family members.

The March break is over and everyone is back to their

routine duties, and Easter is just around the corner. Spring can't be far away and speaking of spring, some ladies on the Paint Lake road had some robins and some red-winged blackbirds in their yard the early part of last week. When they, (the birds) wakened up Friday morning and saw all that snow, I'll bet they wished they had stayed further south.

And some more homing pigeons have returned from the south. Fred and Gina Baum are back from a trip to Barbados, and Gwen and Ralph Raven enjoyed the balmy breezes of Florida for quite a period but are back at their home at Paint Lake to welcome the coming of spring.

Tonight is the night of the euchre party at the senior club on St. 117. Hope we'll see you there.

We welcome the new restaurant in the village, the Lumberjack, which is located on the channel by the bridge, in the centre of Dorset. Since the early part of the century this was the site of the Dorset Hotel, which ceased to operate as such quite some years ago. The building has been completely remodeled and rebuilt and the inside door is unique and very elegant. We wish the owner-operators, the Fortney family, much

Please turn to Page 12

Wilberforce News

by Janet Barker

Just when we think it's time to stock up on the suntan lotion, old man winter has to throw in his last two cents in the form of a mini-blizzard. Pity all those poor folks who have to miss out on his farewell, because they're suffering on a Florida beach. Which is where many Canadians exited to last week in the annual March migration. Is it just me or does it strike anyone else as strange that our country is supposed to be in the middle of a recession, yet vast numbers of our citizens have ample money to take them south of the border? I'm not begrudging anyone a deserved holiday; I'm just trying to figure out the logic of it all - perhaps its better left alone.

On to more basic topics. They're not twins and they didn't make headlines, but the two new babies in town were just as impatiently awaited and joyously welcomed: Martha Grace Werner arrived on March 8 at Haliburton hospital, weighing in at a good-sized 8 lb. 5 oz. Parents Fred and Ann, as well as Joel, Claire and Daniel are enjoying this treasured addition to their family. Neighbour Leanne Erin Tighe smugly kept her folks Dwain and Marianne waiting, but "she was worth every minute!" March 19

was the big day, Toronto

General the place with her weight being 6 lb. 15 oz. Mother Tighe grew tired of outstaying three different roommates so was glad when it was finally her turn to go home! Just two floors away, Lloyd Barnes has been recovering from surgery and he's been the recipient of many cards and visits. Many people have asked that their best wishes be passed on, so, here they are, Barney, we're all pulling for you!

Our arena's still quite a busy spot these days with two hockey tournaments having been held the past two Saturdays. A week ago it was Monmouth Cup time once again, and many people gathered to enjoy the various minor hockey games. Results were as follows:

Novices: Wilberforce 6, Haliburton 0; 1st star - Jason Billings (W); 2nd - Corey Hunter (W); 3rd - Jason Yakalash (Hal).

Atom: Minden 11, Wilberforce 5; 1st star: Marsha Sweet (W); Murray Sweet (W); 3rd - Scott Russell (Min).

PeeWee: Minden 10, Wilberforce 3. 1st star - Scott Russell (M); 2nd - John-Paul Dettler (W); 3rd - Gord Wood (M).

Bantam Wilberforce 10, Blackstock 3. 1st star - Ian Ross (W); 2nd - Chad Irvine

NOTICE

NOTICE OF THE PASSING OF A BY-LAW BY THE CORPORATION OF THE UNITED TOWNSHIPS OF DYSART ET AL TO REGULATE LAND USE PURSUANT TO SECTION 39 OF THE PLANNING ACT

TAKE NOTICE THAT the Council of the Corporation of the United Townships of Dysart et al has passed By-law No. 82-15 on the 8th day of March, 1982 pursuant to the provisions of section 39 of The Planning Act.

The following schedules are attached hereto:

1. Schedule 1, being a copy of By-law No. 82-15.
2. Schedule 2, consisting of the following:
 - i. An explanation of the purpose and effect of the by-law.
 - ii. An explanation regarding a key map.
3. Schedule 3, being a statement from the Chief Planning Officer of the Corporation of the United Townships of Dysart et al in which the lands to which the by-law applies is situate.

ANY PERSON INTERESTED MAY, within twenty-one days after the date of the mailing, personal service or publication of this notice, file with the clerk of the Corporation of the United Townships of Dysart et al notice of an objection to the approval of the said by-law or part thereof together with details of all or that portion of the by-law to which there is objection and detailed reasons thereof.

ANY PERSON wishing to support the application for approval of the by-law may within twenty-one days after the date of the mailing, personal service or publication of this notice, file with the clerk of the Corporation of the United Townships of Dysart et al notice of support of the application for approval of the said by-law.

If no notice of objection has been filed with the clerk of the Municipality within the time provided, the by-law thereupon comes into effect and does not require the approval of the Ontario Municipal Board.

If a notice of objection has been filed with the clerk of the Municipality within the time provided, the by-law shall be submitted to the Ontario Municipal Board and the by-law does not come into effect until approved by the Ontario Municipal Board.

THE LAST DATE FOR FILING OBJECTIONS IS THE 14th DAY OF APRIL, 1982.

THE OBJECTION MUST BE RECEIVED BY THIS DATE IN ORDER TO BE VALID.

DATED at the Village of Haliburton this 22nd day of March, 1982.

Wayne B. Wood, Clerk-Administrator,
United Townships of Dysart et al,
P.O. Box 389, Haliburton, Ontario
KOM 1S0

SCHEDULE 1

The following is a copy of By-law No. 82-15

THE CORPORATION OF THE UNITED TOWNSHIPS OF DYSART ET AL BY-LAW NO. 82-15 A BY-LAW TO AMEND ZONING BY-LAW NO. 77-32

THE PLANNING ACT

WHEREAS the Council of the Corporation of The United Townships of Dysart et al deems it advisable to amend By-law No. 77-32, as amended;

NOW THEREFORE the Council of the Corporation of The United Townships of Dysart et al ENACTS as follows:

1. Section 4(6) of By-law No. 77-32, as amended, is hereby repealed and replaced by the following:

"(6) ZONING OF EYRE TOWNSHIP

That portion of the geographic township of Eyre which lies within the Zoned Area shall be designated a Special Rural (RU-2) zone."

2. Section 15 of By-law No. 77-32, as amended, is hereby further amended by the addition of the following immediately after subsection (8) thereof:

"(9) USES PERMITTED IN CT-4 ZONES

On the lands designated CT-4 on Schedule "A" hereto, no person shall use any lot or erect, alter or use any building or structure for any purpose except one or more of the following special uses:

(a) RESIDENTIAL USES:
an accessory dwelling house;
an accessory dwelling unit;
one mobile home only.

(b) NON-residential uses;
a business office;
a dining hall;
a home occupation;
a home profession;
a maintenance garage;
a recreation hall;
a retail store;
a storage building;
a tourist establishment.

(10) SPECIAL PROVISIONS FOR CT-4 ZONES

On the lands designated CT-4 on Schedule "A" hereto, no person shall use any lot or erect, alter or use any building structure except in accordance with the provisions of Section 3 Section 15(2) hereof."

3. Section 21 of By-law No. 77-32, as amended, is hereby further amended by the addition of the following immediately after subsection (4) thereof:

"(5) USES PERMITTED IN RU-2 ZONES

On the lands designated RU-2 on Schedule "A" hereto, no person shall use any lot or erect, alter or use any building or structure for any purpose except one or more of the following special uses:

special uses:
(a) RESIDENTIAL USES:
prohibited.
(b) NON-RESIDENTIAL USES:
a conservation use;
a forestry use;
a public use;
a tourist camp;
a wayside pit;
a rental cabin;
a rental cottage.

(6) SPECIAL PROVISIONS FOR RU-2 ZONES

On the lands designated RU-2 on Schedule "A" hereto, no person shall use any lot or erect, alter or use any building or structure except in accordance with the provisions of Section 3 and Section 21(2) hereof.

4. Map 4 of Schedule "A", attached to and forming part of By-law No. 77-32, is hereby amended by changing to CT-4 and RU-2 respectively the zone symbols on the lands designated "ZONE CHANGE TO CT-4" and "ZONE CHANGE TO RU-2" on the attached Schedule A hereto.

5. Schedule A hereto is hereby made a part of this By-law as fully and to all intents and purposes as though recited in full herein.

6. This By-law shall become effective on the date hereof, subject to:

- (1) the expiration of the time period specified for the filing of objections by the notice of the passing of this By-law, provided that no notice of objection has been filed within the time period specified; or
- (2) the approval of this By-law by the Ontario Municipal Board where an objection to the approval of this By-law has been filed within the time period specified in the notice of the passing of this By-law.

THIS BY-LAW read a first and second time this 8th day of March, 1982.

THIS BY-LAW read a third time and passed this 8th day of March, 1982.

Signed: **MURRAY FEARREY** (Reeve)
Signed: **WAYNE B. WOOD** (Clerk)

SCHEDULE 2

1. By-law 82-15 has the following purpose and effect:

The Municipality of Dysart et al has received a request from Haliburton Forest and Wildlife Reserve Limited to change the zoning on the company's holdings in Havelock and Eyre Townships to more accurately reflect the present and intended uses of the subject lands.

By-law 82-15 changes the zoning on the majority of these lands to a Special Rural (RU-2) zone and changes the zoning on Part of Lots 18, 19, 20, and 21, Concession II, in the Township of Havelock to a Special Tourist Commercial (CT-4) zone. In addition, the By-law sets out the uses permitted and the special provisions applicable in the two zones.

2. A key map which shows the location of the lands to which the By-law applies has not been included. The lands affected by this By-law include the whole of the Township of Eyre excepting therefrom that portion of the Township which is in Algonquin Provincial Park. The lands in the Township of Havelock which are affected by this By-law are accurately shown on Schedule "A" to the By-law.

SCHEDULE 3

STATEMENT OF CONFORMITY TO THE OFFICIAL PLAN FOR THE DYSART PLANNING AREA

I, Derrell B. Stamp, the Chief Planning Officer of the Corporation of the United Townships of Dysart et al have reviewed By-law No. 82-15 of the Corporation of the United Townships of Dysart et al. I am of the opinion that:

The By-law is in conformity with the Official Plan in effect for the Dysart Planning Area.

Derrell B. Stamp,
A.M.C.T.A.,
Chief Planning Officer

DATE OF REVISION
CONV. NO. 3664/23-28A-A

Guilford Pulse Beat

by Bill Wood
754-2854

Hi folks! Your old pulse-beater is back this week with the local area news.

Tuesday night, March 23, found me at the West Guilford Recreation Centre for the first meeting of the Canada Day Committee, the second annual Canada Day celebration will be held Thursday, July 1 this year. Attending this meeting were Carol Stamp (Chairperson), Carol Duncan, Arlene Edwards, Brian Henderson, Elsie Henderson, and yours truly. Many things were discussed concerning this year's gala celebration. Again this year, the committee wants this special event to cost as little as possible for all the people who are participating. Everyone is encouraged to

bring their own picnic lunch and beverages. A refreshment booth will be available for those who neglect to do so, or drop in for a little while to enjoy some of the day-long activities. A flea market is scheduled for 10 a.m. and table spaces will be available in the new recreation centre basement. The tables will be rented to vendors for \$4 each. More details and information may be had by calling this reporter. The official opening (with special guests) will be at noon. The afternoon will be filled with many races, contests, and many other activities for all age groups. More details on this will appear in later editions of this column.

Brian Henderson, Ted

Duncan, and Wes Jackson will be in charge of the evening's fireworks display which will be even larger this year than last year. A great time will be had by all that attend this super special holiday celebration so plan for it now.

The Haliburton County Home Support System is also sponsoring the local area "Meals on Wheels" program. These nourishing meals will be delivered to senior citizens unable to prepare their own noon day meal on Tuesday, Thursday, and Saturdays. The meal will have a charge of \$2 for each meal. Contact Ev Stata (754-2204) or the Home Support System at the municipal building in Haliburton.

A van is now available for all senior citizens in the West Guilford - Maple Lake area to take them to Haliburton, Lee-Anne Goodall, the driver, will be making the trip the second and last Thursday of each month, and any senior citizens wishing to make the trip is welcome to call Ev Stata (754-2204) to make the arrangements. The minimum charge will be \$2 to Haliburton and back home.

The last "Wheels to Meals" at "Bernie's Place" in West Guilford was quite a success even though four "regulars" were not in attendance due to illness.

Alma and Lawrence Morrison were not able to be there because Mr. Morrison

Thursday, March 25. A roast beef dinner was served by the Coboconk Legion Ladies Auxiliary on Sunday, March 21, the occasion being the zone rally. Folks attending from Kinmount were: Norm Gilmore, Maxine Cross, Vi and Albert Crego, Fred Knight, Bernice and Art Owens, Ken Gardiner, Lil and Gord Taylor. I'm told it was a very enjoyable day.

Ingram Wessell tells me

that if you're looking for a really cheap but nice holiday the place to go is parts of Florida. Ingram and Isobel, his wife, travelled to Rocky Point, Tampa, Florida recently for a week or so of relaxation. They rented a car and drove into the country enjoying the view of acres and acres of oranges and where they saw the results of crossbreeding Brahmas with other cattle. They enjoyed

Busch Gardens, Sunken Gardens, and Wichi Wachi. They went to a very nice restaurant, Duff's where they enjoyed smorgasbord which cost \$8 for the two of them and other restaurants where the meals were in the \$2 range and delicious. In the stores: eggs - 35 cents per dozen and gas for your car \$1.07 American gallon. If I keep writing about this I

Wilberforce News

from page 10

(w); 3rd - Earl Myers (B). Midget-Juveniles - Wilberforce 21, Blackstock 0. 1st star - Dave Storey; 2nd - Don Maharrie; 3rd - Blackstock goalie.

Beautiful trophies were presented, and a good-sized crowd of spectators was on hand throughout the day. All in all, it was a tournament that can be tallied up as one where everyone enjoyed themselves.

This past Friday the Figure Skating Club stole the ice and the show as they presented their annual Carnival. The creative mother behind every figure skater was greatly in evidence as the talented young folks demonstrated this year's accomplishments decked out in a variety of attire. Hours of practice and evenings of rehearsal under the excellent guidance of Mrs. Judy Barras were all made worthwhile by the appreciation of the

large audience of their efforts. A gift presented to Mrs. Barras, and pictures to remember the night by, finished off an entertaining evening. It's certainly great to see the interest of both kids and parents in maintaining and promoting such a fine club. Hats off to each and everyone.

The following two days the arena was kept busy with another minor hockey tournament, this time with opposing teams up from Scarborough. There was a good turnout in the bleachers; it was an apparently enjoyable couple of days of fine hockey action. Saturday evening a dance sponsored by minor hockey was held at the L.W.C.C. which was attended by a sizable amount of people ready to boogie the night away.

Interesting notes from the past dept.: George Earle recently passed along some

tax notices on property his father owned. The dates are 1918 - 1920, and aside from the seemingly laughable taxes compared to today's total, it was the breakdown of usage to different areas that intrigued us. On one notice where the total taxes amounted to \$12.16, it went like this: For County purposes, 1.44; for township, town or village, 3.24; for dog tags, 3; for general public school rate, 1.96; for school rate in S.S. No. 1, 2.52. Can you imagine the comparable rate that today's dog tags would be if they were kept to the same ratio? I guess we just don't appreciate them like they did in the early days. Snoopy would surely feel his true value had been finally realized!

There'll be a fun night held at Monmouth Library this coming Friday evening. Films and crafts will be featured. All are welcome.

Chatting with Irene

from page 10

and Mrs. Arnold Coulter visited in Downsview last week with the Ray Rivers family.

Selections from the C.I.L. Art Collection will be on display at the Minden Library and Cultural Centre shortly.

If your hands get grimy, wash them with soap and a sprinkling of sugar. Grease and dirt wash away quickly.

After completing a course at Borden, Martin Duncan spent some time at home, before going to Calgary, Alta. where he has been posted.

Here is a new way to do liver: "Liver in Barbecue Sauce" - 1 tbsp. oil or margarine; 2 lbs. beef liver, sliced thin; 3 tsp. salt; 1 tsp. pepper; 2 tsp. brown sugar; 1 tsp. Worcestershire sauce; 1 tsp. cider vinegar; ¼ cup tomato catsup; ¼ cup water. Heat the oil in frypan. Slice the beef liver very thin, coat with flour and brown on

both sides in oil. In a large bowl, combine the salt, pepper, brown sugar, Worcestershire sauce, vinegar, tomato catsup and water. Add to frypan with liver and cook until liver is quite tender. This should take about 20 minutes. Serve piping hot with brown rice or potatoes.

Mrs. Annie Kernohan has just arrived home from a holiday in Florida.

It is nice to see the new furniture store in the building where the drug store used to be. We wish them the best.

Mrs. Pearl Durant has had her sister Shirley Hart of Ottawa visiting with her.

Winners at last week's mini card party were: cribbage - Joyce Hewitt, Diane Stevens; euchre - lone hands - Johann Beattie, Alice Clark, Mary McKelvey.

It is nice to have a holiday, but not when you get lost

thousands of miles from home. Ask the Bill Carrells; they left here for a holiday at Freeport in the Bahamas and landed at Nassau, which meant that they had 300 miles to travel to get to Freeport. It is a long story, but when they finally got where they wanted to go, they had a great time.

Did you know that we are

Gooderham

from page 10

Mrs. Walter Madill.

Mrs. Grace Billings spent a few days visiting her grandson, Jim Hartin and his family and a friend, Mrs. Palk at Fenelon Falls. She, along with Mrs. Marilyn Billings and Angie, also visited Marilyn's mother, Mrs. Barr, at Lindsay.

Mr. and Mrs. Dale Dovell and two children spent the week-end with Sandra's parents at Oshawa.

Dorset

from page 10

success in their venture.

It's maple syrup time again and the sap was running like mad for a while but what the weird weather starting last Friday did to it I couldn't guess. There are a number of festivals around the area where the public may go and observe the methods of making the maple goodies and sampling the end products.

The fish huts are off the ice, as required by law. We

haven't had any rumors as to how many "big ones" were pulled out during the season. The snowmachines are still taking off across the lake. We hope there is still lots of ice. Methinks it will be quite a spell before the ice goes out this year.

H.H. Frozen raw chicken defrosts much more quickly when immersed in a bowl of cold water rather than left at room temperature exposed to the air.

think I'll be heading out! Anyway folks, I'm glad to hear you enjoyed your week and to have you back home at R.R. 1 Norland.

Rollie Spencer was the lucky winner of the \$29 Saturday, March 20 in the Kinmount Legion 50/50 draw.

Mary L. and John Pyke enjoyed dinner and visiting at the home of Ida and Clyde Pardy in Coboconk, Saturday, March 20.

Twelve of the Legion Ladies' Auxiliary Branch 441 attended the zone euchre at the Coboconk Legion, Saturday, March 20 where 25 teams attended. Team No. 1 won first place and the names of the top team are: Mary Hartin Sr., Ruth Menard, Gladys Silver and Dagmar Simpson, all of Kinmount. Each member of the winning team received a nice trophy and brought the big trophy home to Kinmount. Door prizes went to Mary Hartin Sr., Vivian Anderson, Gladys Silver and Ruth Menard. The roast beef dinner was enjoyed by all.

I for one, have started my spring cleaning and it seems like a lost cause when you can hardly find the house amid all this snow, but then it's all going to be behind me when I get out at the garden, isn't it?

Have you ever tried Teeny Pizzas? Spread Ritz crackers

with tomato paste. Place on baking sheet. Top with shredded or thinly-sliced Mozzarella cheese (bring cheese right to the edges of crackers) Top with small slices of pepperoni. Sprinkle very lightly with Italian seasoning or oregano, then with grated Parmesan cheese. Place 5 to 6 inches below broiler until cheese melts.

Guess who won the \$290 bingo jackpot at the Lions' Community Hall in Kirkfield, Tuesday evening, March 23, on the fifty eighth number?

My mother, that's who! She promptly went to Lindsay next day and spent a good deal of it on gifts.

I hope to hear the children of Shelley and Terry Janke are all well soon and also the young daughter of Ron and Shirley Newman who has been suffering from bronchitis.

Lots of trees and branches were down at the back of our place from the weight of the snow and I do really think the stuff looks beautiful but I think I'm ready to see the

last of it this year. I must be getting old!

I don't write of things I overhear so if you wish to read about it, let me know and we can let everyone know.

Happy birthday or anniversary to where it may apply. Get well, all you ailing folk and in the meantime everyone remember: "April first, this is the day upon which we are reminded of what we are on the other three hundred and sixty-four."

from page 12

is just recovering from an operation. Gladys and Bill Peck were absent from the "Wheels to Meals" program due to Bill's bout with pneumonia. I wish a quick recovery to these fine people. The next Wheels to Meals will be held Tuesday, April 13. Call 754-2204 for more information.

Congratulations to Wes and Ev Stata on their 41st wedding anniversary this week. May you have many, many more.

Glamorgan township meets

At a meeting of Glamorgan council March 3, the following matters were considered:

Minutes of the recreation and community centre committee meeting, dated January 14, 1982 were approved as circulated.

Finance and correspondence was accepted as read by the Committee.

The following accounts were approved for payment: general voucher of \$7,440.17; road voucher of \$10,805.44; welfare payroll of \$4,059.42; and OHRP of \$3,998.65.

The 1982 Program of Proposed Expenditures for road purposes in accordance with the initial M.T.C. subsidy al-

lotment was approved as presented by the Road Superintendent.

An application will be made to MTC for supplementary subsidy for road expenditures in the amount of \$20,800 (total expenditure \$32,000) and the supporting program of proposed expenditures was approved as presented by the Road Superintendent.

Vince Billings, Road Superintendent, was authorized to attend the 1982 T.J. Mahony Road School with out-of-pocket expenses paid in accordance with Township policy.

The account submitted by Donald J. Finn, Re: Purchase from Madill, was paid and

charged to Road Voucher 82-3.

A motion to rescind resolution 82-5 and to instruct the Clerk to contact the Ministry of Government Services for clarification with respect to land acquired by virtue of instrument #69206, was passed.

Howard Hillis discussed various matters concerning the Glamorgan Township Cemetery, including winter interments, tendering for grass cutting, general upgrading and improvements.

A motion to accept the resignation of Jean Noseworthy from the Cemetery Board and to request the Board to make recommen-

dations to fill the position, was passed.

A motion to give Clerk Treasurer permission to have a student for work week, March 15-19, 1982, was passed.

A motion to authorize the Clerk treasurer to take on the responsibility of Office Supervisor as of the above date, was passed.

By-law 82-5, a by-law to Fix Remuneration for Employees, was passed.

By-law 82-6, a by-law to Provide for Remuneration, Allowance and Expenses for Council Members and Appointees of Council and For Expenses of Municipal Employees, was passed.

Please turn to Page 16

Guilford Pulse Beat

Thursday night, March 25, I attended the monthly West Guilford Recreational Centre Committee meeting. As I was waiting for the meeting to start I noticed the many renovations that are taking place. The basement is nearly completed and with the dropped ceiling, new dry-wall, and finished posts, I must say that it is really a beautiful improvement.

Bruce Medcalf Jr. is to be really complimented on his fine work done for the centre. The meeting was called to order and after the different committees made their reports I brought up the issue of the teen-age activities that were lacking in the area, which the centre might be able to solve. In response to my request for a petition from the teenagers in the area, I understand that the teenagers are not concerned at this time, because winter is nearly over with and would like some activities set up for next fall and winter. The committees agreed that the teenagers should have activities during the fall and winter season and are more than willing to open the centre for their use, at that time, with proper supervision. A ping pong table will be available for next fall, guys and gals, but I will still need that petition I was talking about. So hustle, hustle, hustle.

The next monthly dance

will be held April 17 and the group playing will be "Wildwood" from Lindsay. The licensed dance will be \$8 per couple and will run from 8 p.m. to 1 a.m. More details and information on this dance will be reported in a later column.

The local youths who were hosted by Agincourt in the Ontario Floor Hockey Tournament made a fine showing there - six Ontario schools were in the competition: Windsor, Vandenberg, Pauline Johnson, Agincourt, Whitehaven, and Haliburton Highlands Senior Elementary School. Although our local hero, Mike McKay was voted most valuable player. The senior girls lost three games and came in third place in the competition. Lisa Sisson and Tracey Harrison were voted most valuable players. Our Haliburton Junior Girl's team won the

tourney and are scheduled to play in the international tournament in Battle Creek, Michigan. Most valuable player on the Junior Girl's team was Kendra Sisson. Russell and Doreen Sisson can be proud of their two daughters, as I know the parents of the other young athletes are proud of theirs. All of us in the area are pleased with the showing our local youths made in Agincourt.

Household hint of the week: Freeze your left over tea or coffee in ice cube trays and place in plastic bags for a summer treat. As the cubes melt they won't water down your iced tea or coffee drinks. If you freeze hot tap water in the ice cube tray, you will find they freeze faster and more crystal clear than using cold water.

That's all for this week so until the Pulse Beat calls next week, God bless. Take care until then.

Galway/Cavendish meets

At a meeting March 13, Galway/Cavendish council considered the following:

By-law 82-13, a by-law to regulate the use of land and the character location and use of buildings and structures in the United Townships of Galway and Cavendish, was passed. This bylaw is to rezone part of lot 19,

concession 11, Galway Township from Rural to Local Commercial to allow Bell Canada to erect an unmanned switching station.

Severance B-59-81, as amended concession 8, part lot 21, Cavendish, (Mrs. Margaret Jean Moore) was supported as it now conforms

ONTARIO GOVERNMENT NOTICE

COMPLETION OF HIGHWAY STUDY

HIGHWAY 519

The Ministry of Transportation and Communications (M.T.C.) has completed a design study which will result in the reconstruction of Highway 519 from 2.1 km north of the junction of Highway 118 (previously 530) and Highway 519 northerly 6.3 km to the community of Eagle Lake. Included is a curve realignment involving a new Gull River Structure.

This is an M.T.C. Environmental Assessment Group B type project, Category B-2, (Minor realignments and adjustment to alignment, grades and cross-sections - Rural). As such, it has followed the process outlined in the Environmental Assessment Class Document B-2, which has been approved by the Ministry of the Environment.

An Environmental Study Report has been prepared and filed with the Environmental Approvals Branch of the Ministry of the Environment, and is available for public review at the following offices:

Ministry of the Environment:
Environmental Approvals Branch,
Environmental Assessment Section,
10th Floor, 134 St. Clair Avenue West,
Toronto

Central Region Office,
Suite 700,
150 Ferrand Drive,

ONTARIO GOVERNMENT AUCTION

SINGLE FAMILY RESIDENCE - BANCROFT

The Ministry of Government Services will offer the property known as 8 Easton Avenue, Bancroft for sale by Public Auction Thursday, April 15, 1982 at 12:30 p.m. on the premises.

This 3 bedroom frame bungalow contains approximately 89.18 m² (960 sq. ft.) a full basement and detached garage on a fully serviced lot having 20.1 m (66 feet) frontage on Easton Avenue.

The residence will be open for inspection from 1 p.m. to 5 p.m., Thursday, April 8, 1982.

TERMS AND CONDITIONS

1. A deposit of \$3,000 cash or certified cheque made payable to the Treasurer of Ontario is required on the date of the sale. The balance is payable within 90 days from the date of acceptance of the successful bid.
2. The Ministry gives no warranty expressed or implied as to the condition of the property or as to the purpose for which it may be used. The property is being sold on an "as is" basis and it is the purchaser's responsibility to examine the condition of all structures and systems. Zoning or land use information may be obtained from the appropriate Municipal authorities.
3. Sale is subject to a reserve price established by the Ministry.

NOTE: For further information, please contact Mr. Jim Gishorn, Ministry of Government Services, Toronto, Ontario, Telephone (416) 965-4770. Please quote file: 30-170-57 Bancroft-1.

COUNTRY ESTATES

MAGNIFICENT views make this exceptional home of over 4,000 sq. feet of living space a thing of joy. The elevated brick bungalow has an indoor Bar-B-Q, two king size fire places, patio doors, spiral oak stair case, double garage plus 86 acres for privacy. Asking \$190,000.

EXTENSIVE river frontage, 20 acres, a good barn and a four bedroom two storey home fronting on a paved road make this piece of old Canadiana a sound choice for the discriminating buyer. Asking \$95,000.

OVER 3000 FEET, all on one floor includes a self-contained apartment for domestic staff (or as a source of revenue), all in a really high woodland setting. Asking \$99,000.

HOMES

TWO BEDROOM BUNGALOW in town. Plumbing, siding, well, kitchen cupboards, all renewed in 1981. Only \$27,500.

RESORTS

AN OPPORTUNITY exists to acquire a thriving year round operation. Give us a call. Asking \$119,000.

WOODLANDS

We have a good selection starting as low as \$100.00 per acre. Some have marketable trailer, lake frontage and streams.

LOTS

A good selection from \$6,000 up. Give us a call and discuss your needs.

WANTED

Cottage buyers are now being referred to us by Guaranty Trust Transfer and Referral Service.

If you wish to sell a cottage and it is not already listed, call us at 457-1365.

MOVING?

IN MEMORIAM

FARROW - In loving memory of a dear husband and father who passed away March 31, 1979. As you were you will always be. Treasured forever in our memory. Lovingly remembered by Frances and family. 32-P-31

TRUMBULL, MABEL: In loving memory of a dear mother and grandmother who passed away April 5, 1980. No longer here our lives to share. But in our hearts You are always there. Sadly missed by daughter Blanche and family. 32-P-31

CARPENTER, OLIVE: In loving memory of our dear mother, grandmother and great grandmother who passed away April 1, 1978. In a quiet country graveyard Where the gentle breezes blow Lies the one we loved so dearly And lost four years ago. We do not need a special day To bring her to our minds For the days we do not think of her Are very hard to find. Sadly missed and lovingly remembered by Douglas, Barbara, Jeffrey, Gregory, Lorraine, Michael, Debbie, Michelle and Adam. 32-P-31

Report from Parliament

from page 5

In 1980, the first year they were back in Office, they increased taxes on gasoline by 28 cents per gallon. In 1981 they again increased the tax by 48 cents per gallon, and home heating oil increased by 60 cents per gallon.

The federal government is increasing the cost of gasoline and heating oil by leaps and bounds, through increased taxes, while the price of oil in the United States and on the world oil market is decreasing.

It is bad enough that the government has gone back on its solemn pledges to the Canadian people in order to get re-elected. It is made even worse by the fact that the government's rationale for increasing gasoline taxes is based on false predictions and outdated information.

The national energy policy is founded on government predictions that oil prices would steadily increase until they reached about 90 dollars per barrel on the world market. The world price for oil is going down, not up, and as recently as last month oil was selling on the 'spot' market in Holland for as little as 29 dollars per barrel.

In addition, the government has not taken into account the present surplus of oil throughout the world, or of the factors that have created this oil

glut. Over the past few years, people in North America and elsewhere have become energy conscious, and we are not using oil in Canada at the rate we did just two or three years ago.

Consumption of oil produces in Canada declined in 1980 by 2.3 per cent over 1979, and consumption decreased by a further 5.6 per cent in 1981. The government has not even taken into account the effect of its own Energy Conversion program, whereby householders are encouraged to switch from oil to an alternate energy source. Nor has the government considered the savings in oil consumption resulting from its own Home Insulation Plan.

As demand for oil declines, the price of oil will also decline. It's the law of supply and demand. The oil producing countries in the Middle East had a good thing going for a few years, and they showed us how much clout they had in 1973 when they cut back on oil deliveries. However, even they realize now that those good times are over.

The government's new energy policy threatens to lock us into a situation where we will be paying increasingly higher prices for gasoline and oil while the price everywhere else will be declining. We are likely to end up in an energy straight-jacket, with no room to manoeuvre.

from page 13

with by-law 78-43 with regard to side yard minimums and Policy 81-2 will apply.

A resolution from Burleigh Anstruther was supported by the Townships of Galway and Cavendish.

Resolution 82-47, was rescinded in its entirety and replaced for clarification of the Municipality's position with regard to herbicide spraying by Ontario Hydro along their right-of-ways by the following:

- locations having a high landscape quality and/or significant level of public exposure, such as right-of-ways approaching a navigable water-way, or recreational district, the maximum height of brush to be treated chemically shall be 1.5 metres.

- screens or buffer areas are to be left or established on right-of-ways leading to a

right-of-ways leading to water or other locations where

appropriate to minimize visual impact.

- in locations which are highly visible and are dense with tree growth, hydro shall return 4-6 months after spraying and mechanically cut the dead undergrowth.

Council would like written assurance that property owners who have signed objections to the program and are prepared to keep the allowance clean, are not assuming responsibility for damage to the lines from trees falling across them due to acts of god and that if the right of way is not maintained to Hydro standards, the cleaning of the said right of ways will be done by means negotiated with the adjacent property owner.

The Reeve and Clerk were authorized to sign the 1982 fire agreement with Somerville Township, calling for a standby fee of \$400 to provide protection in the immediate Kimmount area as

defined in Schedule "A" of the said agreement.

Council discussed the 1982 budget in detail and all proposed expenditures, after amendments were generally agreed to subject to possible

revision upon receipt of advice as to the Peterborough County School Board levy and Ministry of Transportation and Communications supplementary funding.

College grants increased

General operating grants to Ontario's 22 colleges of applied arts and technology for 1982-83 will be increased by 12.2 per cent, Colleges and Universities Minister Dr. Bette Stephenson has announced. An additional one per cent will be made available for new enrolment growth.

The increases will bring the total operating grants to the colleges to approximately \$395 million, an increase of approximately \$45 million over last year. As previously announced the colleges will also receive \$8 million from the Government's BILD pro-

gram for equipment purchases.

Details on the use of the special enrolment growth grants will be announced in the next few weeks.

Tuition fees to the colleges will be increased by about the same percentage. However, the tuition allowances in the Ontario Student Assistance Program will be adjusted to compensate for the tuition fee increases.

In line with the policy announced last week with respect to foreign students attending Ontario Universities, foreign students attending the college system will also pay higher tuition fees.

Glamorgan minutes

from page 13

A motion to have MTC sign the approach to the Glamorgan Park and Community Centre was passed.

Council met again March 16.

The Ministry of Natural Resources will be advised that Council is not prepared to request a deferral of the Ontario Municipal Board Hearing on By-law 80-14.

A report from the Librarian of the Glamorgan Township Library was presented to Council.

The Reeve gave a verbal report on the progress made with respect to correction of certain matters at the Community Centre.

A motion to authorize the Clerk to tender for grass cutting in conjunction with the Cemetery Board's decision, was passed.

A motion was passed to advertise for applications for a maintenance person for the Township Waste Disposal Site Work Schedule - May 14 to June 21, 1982 Friday to Monday, inclusive, 1 p.m. to 7 p.m. - June 25 to Sept. 7, 1982 Friday to Tuesday inclusive, 11 a.m. to 7 p.m. Sept. 10 to Oct. 25, 1982 Friday to Monday, inclusive, 1 p.m. to 7 p.m. Rate of pay \$5.25 per hour. No application will be necessarily accepted. A vehicle is required. Closing date is April 6, 1982.

Tax Registration file 76-12 was discussed and the Clerk was requested to forward copies of the applicable reports to members of Council and re-schedule the matter at another time.

A summary of 1981 General Welfare Assistance (expenditure and revenue) was presented to Council.

A sample copy of a by-law to establish employment policies was briefly discussed and the Clerk was directed to

forward copies to members of Council for further consideration.

A special meeting of the council was called by Acting-reeve, Robert McCausland for Saturday, March 20, 1982 at 9 a.m. to further consider the Ministry of Natural Resources' request for a deferral of the Ontario Municipal Board Hearing scheduled for April 5, 1982 to deal with by-law 80-14. The meeting was held in Council Chambers.

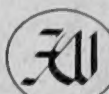

McCausland advised Council of his conversation with the Township's solicitor, Laurie R. McLean regarding the Ministry of Natural Resources' request for a deferral of the Ontario Municipal Board Hearing and the Ministry's proposal for establishment of a boundary for the Environmental Protection zone. After due consideration, the following resolutions were passed: that the Township's solicitor be instructed to request a deferral of the Ontario Municipal Board Hearing for By-law 80-14 and By-law 79-14 presently scheduled for April 5, 1982, to allow Council to negotiate with the Ministry of Natural Resources with regard to the boundaries of the Environment Protection zone. Said deferralment is to be not less than 90 days. The Ministry of Natural Resources was requested to state, in writing, its willingness to negotiate with Council with respect to the boundaries of an Environmental Protection zone in Lot 19, Con. 6, and to so advise the Ontario Municipal Board and to advise that Council is prepared to request a deferral of the Ontario Municipal Board Hearing on By-law 80-14, presently scheduled for April 5, 1982.
